
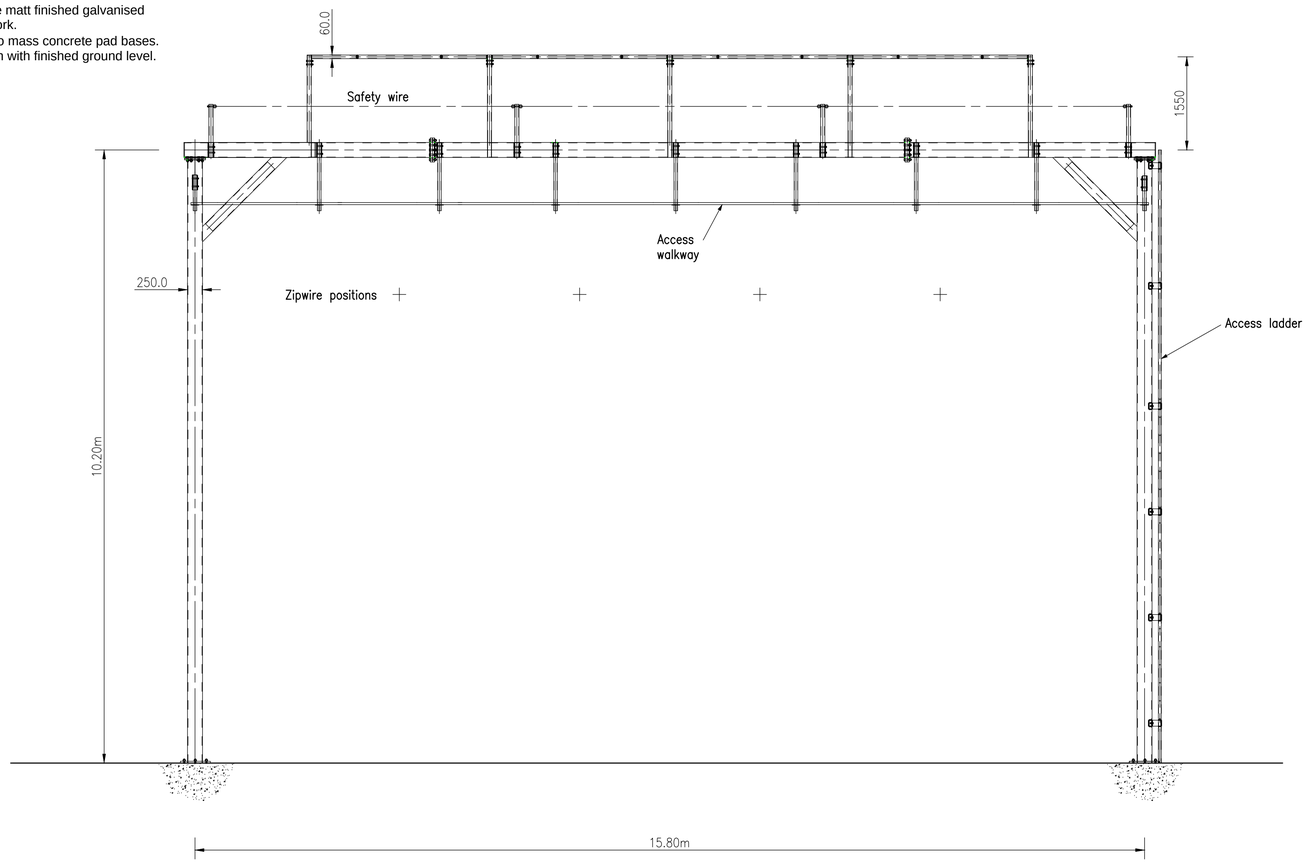
ZIP A ELEVATION ON FRONT GANTRY ($\frac{1}{50}$ at A1)

Non reflective matt finished galvanised
steel framework.
Fixed down to mass concrete pad bases.
Tops set flush with finished ground level.



ZIP B ELEVATION ON FRONT GANTRY ($\frac{1}{50}$ at A1)

NOTES

1. This drawing must be read in conjunction with all other relevant drawings and the specification.

2. All dimensions must be checked on site and against other drawings, by the contractor, prior to commencing fabrication or setting out. All discrepancies must be brought to the attention of the engineer.
It is the responsibility of the contractor to ensure accuracy of dimensions and the correct setting out of the work on site.

Non reflective matt finished galvanised steel framework.
Fixed down to mass concrete pad bases.
Tops set flush with finished ground level.
