26th August 2026

Dear Sir

Re: Non-Material Amendment (NMA) to Condition 2 of Planning Permission P2025/0446 granted on 25.03.2026 to amend the approved site layout and for replacement building details at Margam Green Energy Plant: Margam Green Energy Plant, Longlands Lane, Margam. Pl.App.No.: P2026/0517.

Thank you for notifying us of this application; consequently, we have reviewed the detailed information contained on your website.

You may recall that in response to P2025/0446 in our letter of August 2025, we noted that information in the Historic Environment Record showed that previous archaeological work for this site concluded that whilst the application lies within a wider landscape worked and settled during the medieval period, it is unlikely that archaeological remains would be encountered during any development. This includes buried peat deposits. We also noted the previously developed nature of the site and that associated construction activities would have had an adverse effect on any potential features that may be present.

As a result, as the archaeological advisors to your Members, we have no objection to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

Judith Doyle
