

This architectural elevation drawing shows a two-story house with a gabled roof and a central chimney. The front facade features a large central porch with a gabled roof and a semi-circular window. To the left of the porch is a set of stairs leading up to a side entrance. To the right of the porch is a set of stairs leading down to a garden level. The house has several windows, including a large double window on the left and a smaller double window on the right. The drawing includes labels for 'Car Parking' on the left, 'Lane' in the middle ground, 'Garden' on the right, and 'Gate' further right. A dashed line indicates the boundary between the house and the garden.

The diagram illustrates a building layout with several labeled components:

- Gate**: Located on the left side of the diagram.
- Lane**: A dashed line indicates a lane running horizontally across the middle of the diagram.
- Path / Steps**: A solid line with a series of steps leads from the Gate area towards the building.
- Covered way**: A rectangular area with vertical lines, located at the bottom left of the main building structure.
- Car Parking**: Two rectangular areas are labeled 'Car Parking', one on the right side of the building and another further to the right.
- Lane**: A solid line runs horizontally along the bottom of the building, with a label 'Lane' placed above it.
