Cwmavon.

A tree has been inspected, the finding of which are below:-

Location of Tree: Side of property.	Species	Oak	Dia. at Base (in)	—
	Height (ft)	40ft	Cut off dia. (in)	—
Nature of Complaint overhanging branches (over new build).	Spread (ft)	—	Overall Condition	healthy.

Comments: Lift lower branches on right hand side of tree over new build & deadwood (5 lower branches to recommend remove). Squirrel damage on large limb towards new build reduce weight in crown of limb by 1.5-2 mtrs. draw back branches over roof of new build by 1.5-2 mtr. maintain shape of crown!!
