PROPOSAL: Works to Oak tree covered by Tree Preservation Order T169/A2 -
Removal of branches overhanging no. 4 Ffawyddden, the neighbouring
property and removal of wings to centralise the crown of the oak tree

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority
in pursuance of its power under the above mentioned Act, Regulation and the Tree Preservation
Order hereby **PERMITS** the work to be carried out in accordance with the application and the
plans submitted therewith, subject to compliance with the following conditions:

Conditions:-

Time Limit Conditions

- 1 The development hereby permitted shall be begun before the expiration of twelve months
from the date of this permission.
Reason:
To comply with the requirements of Section 91 of the Town and Country Planning Act 1990

Regulatory Conditions

- 2 Notwithstanding the submitted details, due to the recent construction works and the
installation of a new driveway, this Oak tree has received various disturbances within its root
protection area. Due to the possible long term effects of these works, the loss of foliage

should be kept to a minimum. To retain the maximum level of foliage and avoid pruning wounds on the trees main stem all works should be limited to the following.

- i. A maximum branch reduction of 2 metres back to suitable secondary growth points.
- ii. Only the larger branches which are directly above the new neighbouring bungalow should be pruned.
- iii. The removal of all deadwood.

Reason

In the interest of clarity and the long term health and preservation of the tree.

- 3 All works shall be undertaken in accordance with BS 3998:2010 Recommendations for Tree Work by a qualified and competent tree surgeon.

Reason

To ensure that the work is carried out to a satisfactory standard, in the interests of good husbandry.

Informatives:

1 Bats often roost in trees, and work on these trees may disturb a bat roost. All bats and their roosts are protected against disturbance under UK and European legislation. If works are planned on a tree in which bats are roosting, Natural Resources Wales must be contacted. If work has already commenced and bats are found, or if any evidence that bats are using the site as a roost is found, work shall cease and NRW should be contacted immediately. Where bats or their roosts are present, no works of felling, lopping or pruning shall take place unless a licence to disturb these species and/or their roosts has been granted in accordance with the relevant legislation. NRW can be contacted at:- Natural Resources Wales, Ty Cambria, 29 Newport Road, Cardiff CF24 0TP, 0300 065 3000

Reasons for conclusion

The proposed limited works to the Oak tree, conditioned as per the Arborist report, are not considered to have an adverse long term effect on the health of the tree or on visual and residential amenity nor will they negatively impact upon pedestrian and highway safety. Hence, the proposal is in accordance with the Policies EN7 and SP15 of the Neath Port Talbot Local Development Plan.

Ceri Morris – Head of Planning & Public Protection

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.
