

Superseded

This architectural drawing set illustrates a proposed bedroom extension to an existing building. The drawings are organized into two main sections: 'Existing' and 'Proposed'.

Existing Drawings:

- Existing Front Elevation:** Shows a two-story building with a brick upper floor and a lower floor with horizontal cladding. It features a central entrance door, a large window above it, and a bay window on the right.
- Existing Side Elevation:** Shows the side profile of the existing building, highlighting the roofline and the side wall.
- Existing Rear Elevation:** Shows the rear of the existing building, featuring a large window and a smaller window below it.

Proposed Drawings:

- Proposed Front Elevation:** Shows the front elevation with the proposed extension. The extension is a single-story structure with horizontal cladding, matching the lower floor of the existing building. It includes a new opening with a french door.
- Proposed Side Elevation:** Shows the side profile of the proposed building, including the new extension. A label indicates 'new opening with french doors'.
- Proposed Rear Elevation:** Shows the rear elevation of the proposed building, including the new extension. It features a large window and a smaller window below it.
