DATE REGISTERED: 14 February 2020
APPLICATION NO: P2020/0132

LOCATION: Trees On Land Outside And Within The Curtilage Of , 20 Woodview,
Cimla, Neath, Neath Port Talbot, SA11 3BJ

PROPOSAL: Works to 10 trees to include 3 Oak, 1 Birch, 3 Beech, 2 Acers, and 1
Ash tree covered by Tree Preservation Order T21/W8 (All tree works
including crown lifting, crown reduction, pollarding, removal of limbs,
dead wood removal and felling detailed in submitted tree report)

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority
in pursuance of its power under the above mentioned Act, Regulation and the Tree Preservation
Order hereby **PERMITS** the work to be carried out in accordance with the application and the
plans submitted therewith, subject to compliance with the following conditions:

Conditions:-

Time Limit Conditions

- 1 The development hereby permitted shall be begun before the expiration of twelve months
from the date of this permission.
Reason:
To comply with the requirements of Section 91 of the Town and Country Planning Act 1990

Regulatory Conditions

- 2 Notwithstanding the submitted details, the works to the 10 trees labelled T1-10 on PLAN 1
shall be carried out as detailed below in accordance with the Local Authority Arborists report:

T1 - The Ash tree at the rear of the property should be monitored for Ash dieback disease and
the works should be limited to the removal of the five lower branches which overhang the
two rear gardens.

T2 - Acers 1 - The works should be limited to the removal of dead wood.

T3- Acer 2 - The tree leaning towards the rear garden can be removed.

T4 - Oak (4). Works as per application - remove damaged limb.

T5 - Beech Tree - The remaining whip type stem should be reduced in height by a maximum of 3 metres.

T6 - The main Beech Tree is showing symptoms of stress and low vigour. Further pruning will increase this stress therefore the works should be limited to the reduction of the branches directly adjacent to the house to ensure a maximum clearance of 3 metres from the building.

T7 - Beech Tree - The stem that is leaning towards the house and has been previously topped has no new growth therefore needs to be removed.

T8 - Oak (2) Tree. After the removal of all its branches this tree is producing vigorous regrowth. Due to the soil erosion and building subsidence I would recommend that this tree is retained.

T9 - Birch Tree - There is an area of advanced basal decay at the base of the main stem but the tree is leaning away from the house and into the woodland area. This tree can be removed.

T10 - Oak (1) Tree. This tree has been unprofessionally pruned in the past and due to the installation of hard surfacing around its rooting area is showing symptoms of stress such as weak extension growth. The works to this tree should be limited to the removal of deadwood. It would be advisable to monitor its health and condition.

All works shall be undertaken in accordance with BS 3998:2010 Recommendations for Tree Work by a qualified and competent tree surgeon.

Reason

In the interests of clarity and to ensure that the work is carried out to a satisfactory standard, in the interests of good husbandry.

Informatives:

1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

The proposed works will not have an adverse long term effect on visual and residential amenity nor will they negatively impact upon pedestrian and highway safety or endanger the long term health of the remaining trees protected by the Tree Preservation Order. Hence, the proposal is in accordance with the Policies EN7 and SP15 of the Neath Port Talbot Local Development Plan.

Ceri Morris – Head of Planning & Public Protection

Date: 16 March 2020

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.
