Dear Matthew,

Invasive Species, Cwmtawe Phase 6

Following our recent telephone conversation, I can confirm that no invasive species, as listed in Schedule 9 of The wildlife and Countryside Act 1981 (as amended) were noted on the Cwmtawe Phase 6 site during the Preliminary Ecological Appraisal undertaken in April 2018 or during the subsequent bat activity surveys undertaken in August of the same year.

I hope you find this confirmation useful. If you have any further queries now please do not hesitate to contact me.

Yours Sincerely
