Dear Sir,

RE: Siting of mobile class room for a temporary period of up to 4 years
Sandy feet Day Nursery, Dew Road, Port Talbot

Please find attached an application for the above development.

The application has been submitted in order to provide additional temporary accommodation for children at the Nursery. The need to provide accommodation is as a direct result of the Regulators social distancing requirements which are designed to protect children.

There are currently a number of day nurseries shut in Port Talbot and I am advised that at least 2 will not re-open. My client currently has 14 children on a waiting list but is unable accommodate more children due to the social distancing requirements.

This development will provide accommodation for between 6-8 children and will result in 4 additional members of staff.
