

Application for Full Planning Permission

New Community Church Building in Ynysmeudwy, Pontardawe

Enclosure Measures and Bin Storage Report

Both these elements will be better designed and agreed once the levelling of the site has been achieved and the final positioning of paths, pavements, steps and walkways are determined and agreed.

Also the design will include the recommendations in the Ecology Appraisal Report as regards the planting of grasses and flowers. The suggestion from the report to plant hedges to serve as boundaries will also be considered in the final implementation.

Date 6th July 2020
