5. Description of the Proposal

Please describe the proposed development including any change of use

CHANGE OF USE AND CONVERSION OF EXISTING DETACHED GARAGE TO FORM BEAUTY ROOM AND STORAGE

This application seeks full planning permission to change part of an existing single car garage (single storey) at 21 Broad Street Port Talbot into a self-contained room to carry out beauty treatments and provide storage in the remaining area. The room will be used solely by myself to providing beauty treatments to clients on a one to one basis. It is proposed that only one client will attend the property at a time, operated mainly during school hours and it is anticipated that up to four clients could visit the salon during a typical day. All clients are to visit by appointment only. The garage is sited within the rear of the residential property grounds and the property is an end terrace with a side access gate. The proposed alterations show the garage interior to be converted to form one single room and small storage area with separate doors for each room. Externally currently there is a window to be changed into a door opening into the garden to allow access, the external garage door will remain the same as will the existing side door.

The proposal does not result in a material detrimental impact on the amenity of the surrounding residential properties in terms of privacy, noise or loss of sunlight/daylight as there is no increase in size of the existing structure and there is no increase in noise as carrying out beauty does not generate any additional noise.

There will be very little increase in foot fall in the area as there will only be one client at a time visiting the property and there is ample parking in the area to accommodate one vehicle which I assume could be parked in front of the garage door as this will no longer be required for vehicle access.
