DATE REGISTERED: 7 May 2020

APPLICATION NO: P2020/0386

LOCATION: Tanybryn , Main Road, Cadoxton, SA10 8BL

PROPOSAL: Proposed detached house together with associated works,
creation of access and car parking for Tany bryn

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

Conditions:-

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.
Reason:
To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:
Survey and Location Plan 4389(P) 01 B
Proposed Site Layout 4389 (P) 02 C

Proposed Plan Elevation and site section 4389 (P) 03 C
Proposed site Layout Vision splay 4389 (P) 06 C
Tree Constraints Plan
Speed Survey Information
Tree Report Tree scene 11/7/19
Coal Mining Report

Reason:
In the interests of clarity.

Pre-Commencement Conditions

- 3 No development shall commence until a scheme has been submitted to and approved in writing by the Local Planning Authority detailing intrusive site investigations for the mine entries and shallow coal workings which shall include the following:
- (a) the submission of a report of findings arising from both of the intrusive site investigations;
 - (b) the submission of a layout plan which identifies appropriate zones of influence for the mine entries on site, and the definition of suitable 'no-build' zones;
 - (c) the submission of a scheme of treatment for the mine entries on site for approval;
 - (d) the submission of a scheme of remedial works for the shallow coal workings for approval; and

The scheme as approved, including any remedial works identified by the site investigations shall be undertaken prior to the construction of the development

Reason:
In the interest of coal mining legacy on the site, which is located within a High Risk Area, in accordance with Policy EN8 of the Neath Port Talbot Local Development Plan

- 4 No development shall commence on site until an assessment of the nature and extent of contamination affecting the application site area has been submitted to and approved in writing by the Local Planning Authority. This assessment must be carried out by or under the direction of a suitably qualified competent person in accordance with BS10175 (2011) 'Investigation of Potentially Contaminated Sites Code of Practice' and shall assess any contamination on the site, whether or not it originates on the site. The report of the findings shall include:
- (i) a desk top study to identify all previous uses at the site and potential contaminants associated with those uses and the impacts from those contaminants on land and controlled waters. The desk study shall establish a 'conceptual site model' (CSM) which identifies and assesses all identified potential source, pathway, and receptor linkages;
 - (ii) an intrusive investigation to assess the extent, scale and nature of contamination which may be present, if identified as required by the desk top study;
 - (iii) an assessment of the potential risks to:

- human health,
 - groundwater and surface waters
 - adjoining land,
 - property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,- ecological systems,
 - archaeological sites and ancient monuments; and
 - any other receptors identified at (i)
- (iv) an appraisal of remedial options, and justification for the preferred remedial option(s).

Reason:

To ensure that information provided for the assessment of the risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems is sufficient to enable a proper assessment, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

- 5 No development shall commence on site until a remediation scheme to bring the site to a condition suitable for the intended use by removing any unacceptable risks to human health, buildings, other property and the natural and historic environment shall be prepared and submitted to and agreed in writing with the Local Planning Authority. The scheme shall include all works to be undertaken, proposed remediation objectives, remediation criteria and site management procedures. The measures proposed within the remediation scheme shall be implemented in accordance with an agreed programme of works.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

- 6 Prior to commencement of any development the new entrance point and visibility splays as detailed on drawing No. (P)06 Rev B shall be implemented to the satisfaction of the Local Planning Authority to ensure safe and suitable access to the development.

Reason

In the interest of highway and pedestrian safety and to ensure compliance with Policy TR2 of the Neath Port Talbot Local Development Plan.

Action Conditions

- 7 Prior to beneficial use of the proposed development commencing, a verification report which demonstrates the effectiveness of the agreed remediation works carried out in accordance with condition 5 shall have been submitted to and agreed in writing by the Local Planning Authority.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan..

- 8 Prior to the first beneficial occupation of the dwelling hereby permitted, an artificial nesting site for birds shall be erected on the dwelling to one of the following specifications, and retained as such thereafter;
Nest Box Specifications for House Sparrow Terrace:
Wooden (or woodcrete) nest box with 3 sub-divisions to support 3 nesting pairs. To be placed under the eaves of buildings.
Entrance holes: 32mm diameter
Dimensions: H310 x W370 x D185mm
or
Swift Nest Box Specification:
Wide box with small slit shaped entrance hole. Must be placed under or close to roofs, at least 5m from the ground.
Dimensions: H150 x W340 x D150mm

Reason:

In the interest of biodiversity, and to mitigate the loss of bird nesting/foraging habitats under the Habitats Regulations (amended 2012) and to accord with Policy SP15 of the adopted Neath Port Talbot Local Development Plan.

- 9 Prior to their use in the construction of the development hereby permitted, [details and/or samples] of the materials to be used in the construction of the external surfaces of the development shall have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.

Reason:

In the interest of the visual amenity of the area and to ensure the development complies with Policy BE1 of the Neath Port Talbot Local Development Plan.

- 10 Notwithstanding the submitted details and prior to the occupation of the dwellings hereby approved a scheme indicating the positions, height, design, materials and type of boundary treatment to be erected to all boundaries shall be submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed, as approved, prior the first beneficial use of the associated dwelling and retained as such thereafter.

Reason:

In the interest of visual amenity and to ensure compliance with Policy BE1 of the Neath Port Talbot Local Development Plan.

- 11 The development hereby approved shall be carried out in accordance with the recommendations in the Tree Survey by Treescene dated July 11th 2019.

Reason:

To ensure all existing trees are protected throughout the construction of the development, in the interest of visual amenity, and to ensure the development complies with Policy BE1 of the Neath Port Talbot Local Development Plan.

- 12 In the event that contamination is found at any time when carrying out the approved development that was not previously identified, work on site shall cease immediately and shall be reported in writing to the Local Planning Authority. A Desk Study, Site Investigation, Risk Assessment and where necessary a Remediation Strategy must be undertaken in accordance with the following document:- Land Contamination: A Guide for Developers (WLGA, WAG & EAW, July 2006). This document shall be submitted to and agreed in writing with the Local Planning Authority. Prior to occupation of the development, a verification report which demonstrates the effectiveness of the agreed remediation, shall be submitted to and agreed in writing with the Local Planning Authority.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off site receptors, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

- 13 Prior to occupation of the new dwelling the shared driveway as annotated on drawing No. (P)06 Rev B which includes the associated turning area and all car parking spaces for both dwellings shall be hard surfaced in porous asphalt or permeable block paving or a provision must be made to direct run-off water from the hard standing to a permeable or porous area within the curtilage of the dwelling house to a maximum gradient of no greater than 1 in 9 and no less than 1 in 150. The shared driveway shall be drained so that no surface water (including roof and yard) flows out onto the public highway or vice versa and must be maintained to ensure it complies with the above requirements. The surface water shall not drain directly or indirectly into the highway drainage network. The car parking shall be permanently retained as such thereafter.

Reason

In the interest of highway and pedestrian safety and to ensure compliance with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 14 Prior to commencement of construction of the new dwelling a vehicular footway crossing shall be provided to Highway Authority specification
Reason
In the interest of highway and pedestrian safety and to ensure compliance with Policy TR2 of the Neath Port Talbot Local Development Plan.
- 15 Any gates provided across the access drive(s) shall be of a type which open inward only and can be seen through, and shall be retained as such thereafter.
Reason:
In the in interest of highway and pedestrian safety and to ensure compliance with Policy TR2 of the Neath Port Talbot Local Development Plan.

Regulatory Conditions

- 16 All retained trees that may be directly affected by the proposed development, including encroachment into Root Protection Areas, shall be adequately protected by fencing. The erection of fencing for the protection of any retained tree shall be undertaken before any equipment, machinery or materials are brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the local planning authority.

Reason:
In order to protect the long term health of the trees to be retained.
- 17 No surface water and/or land drainage shall be allowed to connect directly or indirectly with the public sewerage network
Reason:
To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment, and to and ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan.
- 18 Notwithstanding the details submitted, prior to the first beneficial use of the development hereby approved, all windows on the ground and second floor side (west) elevation shall be fitted with obscured glazing, and any part of the window/s that is less than 1.7m above the floor of the room in which it is installed shall be non-opening. The windows shall be permanently retained as such thereafter.

Reason :
In the interest of the amenities of the adjoining property and to ensure accordance with Policy BE1 of the adopted Neath Port Talbot Local Development Plan.

- 19 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), no doors, windows or dormer windows (other than those expressly authorised by this permission) shall be constructed without the prior grant of planning permission in that behalf.

Reason:

In order to safeguard the amenities of the area by enabling the Local Planning Authority to consider whether planning permission should be granted for such additional doors/windows, having regard to the particular layout and design of the development and need to protect the amenity of nearby properties, and to accord with Policies BE1 and SC1 of the Neath Port Talbot Local Development Plan.

- 20 Vision splays of 2.4 metres by 43 metres (measured back from back of footway) shall be maintained each side of the vehicular access within which nothing over 600mm in height shall be erected or allowed to grow and shall be retained as such thereafter.

Reason

In the interest of highway and pedestrian safety and to ensure compliance with Policy TR2 of the Neath Port Talbot Local Development Plan.

Informatives:

1 The applicant may need to apply to Dwr Cymru / Welsh Water for any connection to the public sewer under S106 of the Water industry Act 1991. If the connection to the public sewer network is either via a lateral drain (i.e. a drain which extends beyond the connecting property boundary) or via a new sewer (i.e. serves more than one property), it is now a mandatory requirement to first enter into a Section 104 Adoption Agreement (Water Industry Act 1991). The design of the sewers and lateral drains must also conform to the Welsh Ministers Standards for Gravity Foul Sewers and Lateral Drains, and conform with the publication "Sewers for Adoption"- 7th Edition. Further information can be obtained via the Developer Services pages of www.dwrcymru.com. The applicant is also advised that some public sewers and lateral drains may not be recorded on our maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

2 The proposed development requires SAB permission is separate from any planning permission that might be granted and any works commenced without SAB approval will be deemed a breach of approval required under Paragraph 7 (1) Schedule 3 of the Flood and Water Management Act 2010 whereby action will be taken by the Authority under The Sustainable Drainage (Enforcement) (Wales) Order 2018, which could mean removing any work that has commenced. As such under this legislation you are not permitted to start work on site until SAB approval has been granted for your proposed development. You can search the Authority's web site for further information using the link

<https://www.npt.gov.uk/17534> , or contact the Highway Development Control Section using hdc@npt.gov.uk or 01639 686850.

3 For the construction of a vehicular crossing over the footway, you should contact the Highways and Engineering Manager of Neath Port Talbot County Borough Council at The Quays, Brunel Way, Baglan Energy Park, Neath, SA11 2GG (Tel.No. 01639-686760 or 686756). If you propose to do the work yourself you should contact the above prior to commencing any works within the highway in order to arrange the necessary indemnity and specification for the works.

4 If the works are required within the highway (footway or carriageway), the written consent of the Highway Authority shall be sought; this includes the placement of any skips, scaffolding, hoarding or any traffic management on the highway. You should therefore contact the Highway Maintenance Unit of Neath Port Talbot County Borough Council at The Quays, Brunel Way, Baglan Energy Park, Neath SA11 2GG) for the attention Gary Thomas (tel: 01639 686327 or email: g.thomas3@npt.gov.uk to discuss any licences or approval required. This is required to be undertaken before any works commence on the Highway.

5 Where bats or their roosts are present, no works of felling, lopping or pruning shall take place unless a licence to disturb these species and/or their roosts has been granted in accordance with the relevant legislation. NRW can be contacted at:- Natural Resources Wales, Ty Cambria, 29 Newport Road, Cardiff CF24 0TP, 0300 065 3000

6 No site/vegetation clearance/demolition should take place between March 1st to 31st July inclusive to minimise the potential for nesting birds to be disturbed as they are protected by law.

7 Under the Coal Industry Act 1994 any intrusive activities, including initial site investigation boreholes, and/or any subsequent treatment of coal mine workings/coal mine entries for ground stability purposes require the prior written permission of The Coal Authority, since such activities can have serious public health and safety implications. Failure to obtain permission will result in trespass, with the potential for court action. In the event that you are proposing to undertake such work in the Forest of Dean local authority area our permission may not be required; it is recommended that you check with us prior to commencing any works. Application forms for Coal Authority permission and further guidance can be obtained from The Coal Authority's website at:<https://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>

8 It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

<https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

9 Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action. Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider. If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

Reason for Decision

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

It is considered that the proposed development would not have a detrimental impact upon residential amenity or upon the character and appearance of the surrounding area, and there would be no adverse impact upon highway and pedestrian safety, ecological, coal mining or drainage issues. Hence, the proposed development would be in accordance with Policies SP4, SP15, SP20, SC1, TR2, I1, EN8 and BE1 of the Neath Port Talbot Local Development Plan. Approval is therefore recommended.

It is further considered that the decision complies with the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed:

Ceri Morris – Head of Planning & Public Protection

Date: 21 August 2020

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
- (2) You can also appeal to the Welsh Government against a decision to refuse permission or grant subject to conditions in respect of applications made for :- Listed Building or Conservation Area Consent; Consent under a Tree Preservation Order; Advertisement Consent.
- (3) You can also appeal If your application for a Certificate of Lawful Existing Use or Lawful Proposed Use is partly or wholly refused or is granted differently from what you asked for (under Section 195/196) of the Town and Country Planning Act 1990 (as amended).
- (4) If you are aggrieved of the LPAs decision, the following deadlines apply for appeals to be submitted to the Welsh Government (from the date of the Council's decision):-

(1) Planning Permission (with the exception of Minor Commercial and Householder applications – see below)	Within 6 Months
(2) Householder Appeal see endnote i	Within 12 weeks
(3) Minor Commercial Appeal see endnote i	Within 12 weeks
(4) Listed Building or Conservation Area Consent appeals	Within 6 months
(5) Tree Preservation Order (TPO) Consent	Within 28 days
(6) Advertisement Consent	Within 8 weeks
(7) Certificate of Lawfulness of Existing (Section 191) or Proposed (Section 192) Use or Development	Within 6 months
(8) Hazardous Substances Consent	Within 6 months
- (5) Appeals must be made on a form which is obtainable from the Planning Inspectorate, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ – Tel 0303 444 5940, or online at www.planningportal.gov.uk/pcs .
- (6) The Welsh Government has power to allow a longer period for the giving of notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- (7) The Welsh Government is not required to entertain an appeal if it appears to them that permission for the proposed development could not have been granted having regard to the statutory requirements to the provisions of the development order, and to any directions given under the Order. They do not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by them.
- (8) If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Welsh Government, and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the County Borough Council, in which the land is situated, as the case may be, a **purchase notice** requiring that Council purchase his interest in the land

in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Making an Appeal

- (9) Please note that for all applications received by the LPA after 5th May 2017, it is now a requirement that any appeal made to the Planning Inspectorate (other than Householder and Minor Commercial Appeals, and appeals against refusal to grant advertisement consent) must be accompanied by all the information and evidence you intend to rely upon (a **“full statement of case”**). You must also send a copy of the notice of appeal and full statement of case to the LPA.
- (10) In addition, for ‘planning appeals’ an amendment to an application following notice of appeal may only be made to correct an error.
- (11) Additional details and information on making an appeal to the Welsh Government is available from the Planning Inspectorate at the above address and website. The relevant documents are entitled “making your planning appeal” and “planning appeals Public Local Inquiries”.
- (12) Further correspondence regarding this application should bear the reference number quoted on the top of the decision notice.

THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

- BUILDING REGULATIONS – Please contact buildingcontrol@npt.gov.uk or 01639 686949 to discuss all aspects of the service that is offered by Building Control
- HIGHWAY LEGISLATION

IF PLANNING CONSENT HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT

ⁱ Please see the [Town and Country Planning \(Referred Applications and Appeals Procedure\) \(Wales\) Regulations 2017](#) for appeal procedures and for full definitions of:

- *“householder application”* (essentially an application for the enlargement, improvement or other alteration of a dwellinghouse, or development within the curtilage of such a dwellinghouse, or change of use to enlarge the curtilage of a dwelling house)
- *“householder appeal”* means an appeal in relation to a householder application, but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
- *“minor commercial application”* (essentially relates to existing buildings of no more than 250 square metres gross external floor space at ground floor level, currently in use for any of the purposes set out in Schedule 1A to The Town and Country Planning (Development Management Procedure) (Wales) (Amendment) Order 2015 which is an application for change of use from Class A1 to A2 or A3; or Class A2 to A3); or the carrying out of building or other operations to a shop front.
- *“minor commercial appeal”* means an appeal in relation to a minor commercial application but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
