

The architectural elevation drawing of the BrightHouse building features a symmetrical facade. The central entrance is marked by a small, dark, rectangular door. Above the entrance, the name "BrightHouse" is written in a large, stylized font. The building has a series of windows on either side of the entrance, each with a decorative frame. The roofline is simple, with a small gable over the entrance. The drawing is a black and white line art, showing the building's structure and details.
