PROPOSAL: Works to the frontage of building to restore bay windows and associated works

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

Conditions:-

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

Pre-Commencement Conditions

- 2 Within two months of the date of this permission, a sample of the stone to be used in the construction of the external surfaces of the development (or other such details as

may be sufficient to demonstrate the quality of the stone to be used) shall have been submitted to the Local Planning Authority for its approval in writing. Development shall not commence until written approval of the stone has been issued by the Local Planning Authority, and development shall thereafter be carried out in accordance with the approved details.

Reason:

To protect the character and appearance of this building of local importance, in the interest of the visual amenity of the area and to ensure the development complies with Policies SP21 and BE1 of the Neath Port Talbot Local Development Plan.

- 3 Notwithstanding the details on the submitted forms and drawings, all replacement windows in the front elevation shall be either painted timber or aluminium. No window shall be inserted until such time as details of the material, colour, frame depth and any opening windows (to include a sectional drawing as appropriate) have been submitted to and approved in writing by the local planning authority. Development shall be carried out in accordance with the approved details.

Reason:

To protect the character and appearance of this building of local importance, in the interest of the visual amenity of the area and to ensure the development complies with Policies SP21 and BE1 of the Neath Port Talbot Local Development Plan.

Action Conditions

- 4 Notwithstanding the submitted details, the reinstatement of the frontage shall - where such original features have been removed - incorporate replacement heads, quoins/jambs and cills to each of the windows on the upper floor of the building, such replacements to be constructed in stonework to match the existing building, with all new brickwork below and to the sides of these windows removed and replaced using bricks, details of which shall first have been submitted to and approved in writing by the local planning authority.

Reason:

To protect the character and appearance of this building of local importance, in the interest of the visual amenity of the area and to ensure the development complies with Policies SP21 and BE1 of the Neath Port Talbot Local Development Plan.

- 5 All works identified on the approved drawings and specified within and supplemented by the conditions attached to this permission, shall be completed within 6 months of the date of this permission in full accordance with the agreed details.

Reason:

Because the unauthorised removal of the bay and other windows on the front elevation has caused unacceptable harm to the character and appearance of this building of local importance, and their early replacement is required to avoid further action being taken by the Local Planning Authority in the interest of the visual amenity of the area and Policies SP21 and BE1 of the Neath Port Talbot Local Development Plan.

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

While the loss of the original features is deeply regrettable, it is considered that the nature, scale and form of the proposed replacement fenestration, subject to compliance with the submitted details and the other conditions above relating to details, that the proposed reinstatement will ensure that the character and appearance of 62 Station Road - while still harmed - will nevertheless be sufficiently reinstated to ensure that there would be no unacceptable harm to the character of the building or the wider visual amenity of the area, thus respecting its continued inclusion as a building of local importance. Therefore it is considered that the development complies with Policies SP21 and BE1 of the Local Development Plan.

Because this is an enforcement-related matter, however, and the current level of harm is unacceptable, it is considered appropriate - and having regard to the need for approval of some details - for a condition to be imposed which requires the full reinstatement of the elevation under this permission within 6 months of the date of this consent. Failure to do so will result in authorisation being sought for formal enforcement action to be taken to require such compliance.

It is further considered that the decision complies with the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed: 

Ceri Morris – Head of Planning & Public Protection

Date: 20 November 2020

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.
