

Ty-Canol Farm Overview

Ty-Canol Farm is a 22 acre (8.9 Ha) holding that produces hay & haylage. They also buy & sell straw. They also overwinter and fatten cattle in the existing stock shed. This has been the operation of the farm for over 40 years. One of the fields had a diversification use for caravanning and camping area. The current owners have owned the farm for 25 years and rented it for 10 years previous to that.

The proposed extension is for the improved feeding of the winter cattle and the avoidance of creating slurry.
