Upon completion of the driveway works, a mulch of composted wood chip or similar material should be placed within the trees remaining root protection area to prevent competition from other plants such as grass and reduce evapotranspiration and the resulting water stress on the tree.

Reason:
In the interest of biodiversity and protection of the Chestnut tree, and to comply with Policy EN7 of the Neath Port Talbot Local Development Plan.

- 5 Prior to the first beneficial use of the new vehicle access hereby approved, the existing garage shall be permanently blocked-up including the removal of the garage door and in-filling with block work, plus the extension of the boundary wall in front of the former access door, as indicated on the approved plans, and these shall be retained as such thereafter.

Reason:

In the interest of highway and pedestrian safety to ensure that the existing substandard access is no longer used once the replacement access has been constructed, and to ensure that the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 6 In the first planting season following completion of the works hereby approved, the replacement hedging shall be planted on site, and any plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.

Reason:

In the interest of highway and pedestrian safety, and to comply with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 8 Any new gates erected along the front boundary shall be set back from the edge of carriageway, in accordance with Dwg no A.H. 01, and shall open inwards only or in such a manner as not to obstruct vehicles entering off the public highway, and retained as such thereafter.

Reason:

In the interest of highway and pedestrian safety and to comply with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 9 The new sections of wall hereby approved shall be constructed with natural stone to match the existing wall, and retained as such thereafter.

Reason:

In the interest of visual amenity and to comply with the requirements of Policy BE1 of the Neath Port Talbot Local Development Plan.

Informatives:

- 1 Please note that SAB approval will be required prior to any work commencing. It is a breach of approval required under Paragraph 7 (1) Schedule 3 of the Flood and Water Management Act 2010 whereby action will be taken by the Authority under The Sustainable Drainage (Enforcement) (Wales) Order 2018.

Reason for Decision:

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

It is considered that the proposal represents an appropriate form of development that would have no unacceptable impact on the amenities of neighbouring residents, visual amenity of the area or highway and pedestrian safety. Accordingly, the proposed development is in accordance with Policies BE1 (Design) and TR2 (Design and Access of New Development) of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed: 

Ceri Morris – Head of Planning & Public Protection

Date: 8 January 2021

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.
