

1SP Schwegler Sparrow Terrace

About this product

The Sparrow Terrace has been designed to help redress the balance of falling house sparrow numbers. The current UK population of 6 million pairs is half what it was in 1980 and this is thought to be due to habitat destruction and lack of suitable nesting spaces. Sparrows are social birds and like to nest in company. This terrace provides ideal nesting opportunities for three families. Made of Schwegler's revolutionary wood-concrete mix, this terrace is durable, breathable and will last many decades. It may also occasionally attract tits, redstarts and spotted flycatchers.

Brood chamber dimensions:

- * Height: 16cm
- * Width: 10.5cm
- * Depth: 15cm
- * Weight: 15kg

External dimensions:

- * Height: 24.5cm
- * Width: 43cm
- * Depth: 20cm

Ibstock Enclosed Bat Box 'C'

About this product

The Enclosed Bat Box 'C' from Ibstock is designed for the pipistrelle bat. It is ideal for new builds as it can be integrated directly into the brickwork to produce a discrete but attractive home for bats. The inside of the box is designed to create several roosting zones which are ideal for crevice dwelling bats such as the pipistrelle. The bottom entrance means that no maintenance is required as droppings will simply fall out the bottom.

Small Box

- Height: 215mm
- Width: 215mm
- Depth: 105mm
- Weight: 6.7kg
