Subject: Heat Pumps at Llwyn Llanc Ucaf
Attachments: TI-EVO-v6.0.pdf

Hi Rhodri

Phil asked to forward you the data sheet for the heatpump installation.

We have 3 x 15kw Evo heatpumps installed in cascade under 1 controller making a 45kw installation, (I have linked 3 pumps together to make 1 unit)

If you need anything else just drop me a line.

Best Regards

Gareth Thomas
