REPORT: JPB/HUNTER 2.

Dear Planning,

Having viewed the said sycamore at:- 13, Rhinwlas, Neath, and found the structurally weak unions and bark inclusions at base, we feel it is the responsible thing to do, which is to seek permission to fell completely in the interests of Health and safety to property and pedestrians, removing the high risk to all.

We feel a crown reduction is NOT an option due to the overall cosmetic appearance and also the lack of available and suitable growth points. Our decision to fell is reflected in the current stress at basal unions. We look forward to your reply,

yours faithfully
John R. R. R.
