Good Morning Rhodri,

I hope you're well?

Further to your email noting that Martin Hooper is retiring at the end of the month, and that it would be in our best interest to submit the information relating to dust management as soon as possible, please find the following documentation enclosed:

- ☐ Construction Phase Health and Safety Plan – This document was initially submitted as part of the original application (13/01/20), and has now been amended to include a 'dust management plan' (please see Section 8.9a).

For clarity, this submission relates to the discharge of Condition 7 of application ref. P2021/0027:

'Details pursuant to the discharge of conditions 7 (Construction Method Statement), 11 (A scheme of landscaping including for the area of open space located towards the east end of the application site), 15 (Replacement of soakaway detail), 16 (New highway soakaway detail) and 17 (Access road and Footways Phasing Programme) of planning permission P2011/0486 approved on 11th December 2019'

I would be grateful if you could confirm receipt of this email, and confirm that the document has been passed onto the relevant consultees for comment. If there are any queries or you would like to discuss this further, please don't hesitate to get in touch.

Many thanks,
Emily
