Debbie,

Good morning hope you are well, firstly I wanted to thank you for your time last Thursday (03/06/21), I hope you found the meeting useful.

I have attached the documents that Andrew presented you with so you have them at hand.

I understand from your conversation with Andrew that your main concern is access for emergency vehicles to your premises, I just wanted to reiterate what Andrew has said that no vehicles will be hindering your access at any time, I have attached a document that has been developed for the Planning department regarding Vehicle access.

My details are below, so if you have any concern regarding anything or if you need our assistance for anything please feel free to call me on my mobile anytime.

I will keep you informed on a regular basis via email with any updates relating to the development.

Best Regards

Stephen Euston
