- 4 Notwithstanding the submitted drawings, prior to the start of any development a scheme for landscaping shall be submitted to and approved in writing by the Local Planning Authority. The submitted scheme shall include a schedule of planting noting species, plant sizes and proposed numbers and densities. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the site or the completion of the development, whichever is the sooner; and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.

Regulatory Conditions

- 5 The wood cladding hereby approved for the storage container shall be sanded and where necessary repaired and refinished every 4 years from the date of the first beneficial use of the hereby approved hand car wash.

- 6 A noise complaints procedure shall be implemented with an appropriate methodology for recording, investigating complaint, and corrective measures shall be implemented where a valid complaint is found. As part of the complaint procedure sound levels should be assessed to determine whether the predicted levels outlined in Report P21-138-R01V1 are being achieved. If levels stated in the report are not being achieved, further mitigation measures shall be implemented on site prior to the continuation of the operation of the car washing and drying activities and should be retained as such thereafter. - 9 The vehicle parking areas shall be clearly marked out on site as shown on drawing PA24 and allocated to the specific uses within the curtilage of the site and retained as such thereafter.

Reason: To ensure the provision of adequate parking as required by Policy TR2 of the Neath Port Talbot Local Development Plan.

It is considered that the proposed development would not have a detrimental impact upon residential amenity in terms of general amenity and noise pollution, the visual amenity of the streetscene and wider area and there would be no adverse impact upon highway and pedestrian safety. Hence the proposed development would be in accordance with Policies Sc1, TR2, BE1 and EN8 of the Neath Port Talbot Local Development Plan.

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.
