

8. Trees - Reasons For Works

This section only needs to be completed if you are seeking consent for proposed works to trees under a Tree Preservation Order (TPO)
Please state the reasons for carrying out the proposed works on the tree(s):

T1, T5, T7 - Remove to ground level - All trees have suppressed canopies
Sycamores there is evidence of squirrel damage in canopies. All are small with
poor form. Attention isn't a good idea due to pruning of upper canopy
of nearby trees allowing more light encouraging vigorous growth to poorly
formed canopies. Native species will be replanted in their place.
T2, T3 Sycamore - Leave overhanging by 2.5-3m to suitable growth points. Cut
limb at base, & reduce limbs by 2.5-3m.
T4 oak - Remove 1+ large limb over garden (towards house) back to main fork
Reduce upper canopy by approx 2.5-3m, Remove Deadwood over
garden

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the documents specified.

Health or safety of the tree(s) - e.g. it is diseased, fears that it might break or fall:

☒ Yes

☐ No

If Yes, information required - report by a tree professional (e.g. arboriculturist, horticultural adviser).

☐ Yes

☐ No

Alleged subsidence damage:

If Yes, information required: Full report by an engineer or surveyor, together with one from a tree professional - to include date and description of property damage; sub-soil type and shrinkage potential; location of any roots found and their identification; history of ground and building movement through a distortion survey and/or level or crack monitoring over suitable period; other vegetation
