NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

Conditions:-

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:
 - Drawing No. 01 Rev A (Location and site plan)
 - Drawing No. 02 Rev A (Existing details)

- Drawing No. 03 Rev B (Proposed details)
- Drawing No. 05 (Existing details)
- Drawing No. 04 (Proposed details(2))

Reason:

In the interests of clarity.

Pre-Commencement Conditions

- 3 (3) No development shall take place until the applicant, or their agents or successors in title, has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved in writing by the local planning authority.

Reason:

To identify and record any features of archaeological interest discovered during the works, in order to mitigate the impact of the works on the archaeological resource and in the interests of protecting potential archaeological remains at the site, as required by Planning Policy Wales and Policy SP21 of the Neath Port Talbot Local Development Plan.

Action Conditions

- 4 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building.

Reason:

In the interest of the visual amenity of the area and to ensure the development complies with Policy BE1 of the Neath Port Talbot Local Development Plan.

- 5 Prior to the occupation of the residential annexe hereby approved, the proposed boundary treatment as detailed on plan 03 B (Proposed Details(2)) and a 1.8m high close board fence along the common boundary with Towelfa (for a distance of 15m from the rear boundary of the application property) shall be erected. The boundary treatment shall be retained and maintained as such thereafter.

Reason:

In the interest of visual amenity and to ensure compliance with Policy BE1 of the Neath Port Talbot Local Development Plan.

Regulatory Conditions

- 6 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), no doors, windows or dormer windows (other than those expressly authorised by this permission) shall be constructed without the prior grant of planning permission in that behalf.

Reason:

In order to safeguard the amenities of the area by enabling the Local Planning Authority to consider whether planning permission should be granted for such additional doors / windows, having regard to the particular layout and design of the development and need to protect the amenity of nearby properties, and to accord with Policies BE1 and SC1 of the Neath Port Talbot Local Development Plan.

- 7 No surface water from any increase in the roof area of the building /or impermeable surfaces within its curtilage shall be allowed to drain directly or indirectly to the public sewerage system.

Reason:

To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment and to and ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan.

- 8 The development hereby approved shall not be occupied at any time other than for purposes ancillary to the residential use of the dwelling known as Hyfrydle, Camnant Road, as identified as a single planning unit within the plans hereby approved and shall not be sold, let or sublet as a separate unit of accommodation.

Reason:

Since the development hereby approved is considered acceptable as annexe accommodation connected to the main use of the existing dwelling under LDP Policies EN5 and BE1, but not for occupation as independent residential accommodation in the countryside which would be contrary to Policy SC1 of the Neath Port Talbot Local Development Plan

- 9 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), there shall be no extension or external alteration to any building forming part of the development hereby permitted without the prior grant of planning permission in that behalf.

Reason:

In order to safeguard the amenities of the area by enabling the Local Planning Authority to consider whether planning permission should be granted for extensions, having regard to the particular layout and design of the development and need to protect the amenity of nearby properties, in the interests of protecting potential archaeological remains at the site, and to accord with Policies BE1, SC1 and SP21 of the Neath Port Talbot Local Development Plan and as required by Planning Policy Wales.

Informatives:

1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

2 Welsh Water Advisory Notes As of 7th January 2019, this proposed development may be subject to Schedule 3 of the Flood and Water Management Act 2010. In the event this proposed development amounts to a total impermeable area of 100sqm or more, approval of Sustainable Drainage Systems (SuDS) features will be required in accordance with the 'Statutory standards for sustainable drainage systems - designing, constructing, operating and maintaining surface water drainage systems'. It would therefore be recommended that the developer engage in consultation with Neath Port Talbot County Borough Council, as the determining SuDS Approval Body (SAB), in relation to their proposals for SuDS features. Please note, Dwr Cymru Welsh Water is a statutory

consultee to the SAB application process and will provide comments to any SuDS proposals by response to SAB consultation. The planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water Industries Act 1991. The applicant is also advised that some public sewers and lateral drains may not be recorded on our maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times. Our response is based on the information provided by your application. Should the proposal alter during the course of the application process we kindly request that we are re-consulted and reserve the right to make new representation. If you have any queries please contact the undersigned (Sion Jones, Development Control Officer) on 0800 917 2652 or via email at developer.services@dwrcymru.com

3 Natural Resources Wales (NRW) important flood risk note to developer (NRW consultation response forwarded to applicant agent on 30.11.21 for clarity and so website links within could be accessed): However, we would highlight that as the development falls partially within Zone 2 and partially within Zone 3 of the Flood Map for Planning (FMfP) as referenced within TAN 15 (Dec 2021), the developer should be made aware of the potential flood risks and advised to install flood resistance/resilience measures as part of the development. We refer the applicant to our website for further advice and guidance available. Additional guidance including the leaflet "Prepare your Property for flooding" can be found here. The developer can also access advice and information on protection from flooding from the ODPM publication 'Preparing for Floods: Interim Guidance for Improving the Flood Resistance of Domestic and Small Business Properties', can be found here.

4 Natural Resources Wales note to developer. Please note that our decision not to comment does not rule out the potential for the proposed development to affect other interests, including environmental interests of local importance. The applicant should be advised that, in addition to planning permission, it is their responsibility to ensure that they secure all other permits/consents relevant to their development.

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

It is considered that the proposal represents an appropriate form of development that would have no unacceptable impact on the character of the area as a whole, the design, scale and massing of the existing dwelling, nor upon residential amenity or highways and pedestrian safety. The use of the development would also, subject to conditions, accord with policy BE1 (Design), Policy TR2 (Design and Access of New Development), Policy EN5 (Conversion and Extension of Existing Buildings in the Countryside), Policy EN8 (Pollution and Land Stability), Policy TR2 (Design and Access of New Development), Strategic Policy SP1 (Climate Change) and Strategic Policy SP16 (Environmental Protection) together with TAN 15: Development and Flood Risk.

It is further considered that the decision complies with the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.
