To whom this may concern

RE: - Mobile Catering Vehicle

This short letter is in support of a Mobile Catering Vehicle at the above address. After speaking the Mark Llewellyn, I understand that he wishes to use the far end of the car park to site his vehicle.

Trading will be conducted in the daytime which should have been minimal impact on my business. Currently, the Club does not trade in the daytime unless we have requests for parties or wakes. The location would be ideal as there is ample car parking for his customers and would add a new service to our area which is lacking facilities.

Mark and I have a verbal agreement that if my club was to install a kitchen in the future then he would move his catering vehicle to another location.

If you require any further information or questions then please do not hesitate to contact me.

Kind regards

Hitesh Patel
