This application has been submitted on behalf of our client who would like to seek permission to carry out the following tree works as identified on the Location Plan 0122 & Site Plan 0122.

There are other trees on this property but have not been included as no work is required at this time.

T1 – Oak: located in the centre of the rear garden of the same property.

- The tree is shading much of the garden and although it's overall shape is good there are a couple lower branches that if removed will improve the amount of light reaching the ground.

If you require any further information, please don't hesitate to contact me.
