Does your proposal involve the construction of a new building which would result in the loss or gain of public open space?

☐ Yes ☒ No

5. Description of the Proposal

Please describe the proposed development including any change of use

We are looking for funding and support to be able to fence in our clubhouse, playing field and car park.

We currently have a large mini and junior section, youth and senior sides which equals a very large footfall through the club both inside and outside.

Unfortunately we are now finding ourselves with a few serious issues which are affecting the health and safety of all involved within the club. The amount of dog feces we are picking up before each training session and match is very worrying - our coaches are volunteers and do not deserve to have to do this but the health and safety of all our players and visiting teams is paramount. The fall back should someone fall in it and become ill could be detrimental to everyone.

We are also finding drug paraphernalia around the outside of the premises, car park and on the field. Plus the club is being used for drug deals throughout the nights. We have installed CCTV to monitor and regularly carry out inspections around to again ensure that nothing is found by a child and become injured or ill.

Lastly, we are having off road bikers and even the odd car driving over our pitch causing damage.

The benefits of us having the opportunity to fence of our clubhouse, car park and field would be such a relief to all concerned and would ensure the health and safety of all especially the children of the club.

Has the work or change of use already started?

☐ Yes ☒ No

6. Existing Use

Please describe the current use of the site

Rugby field, clubhouse and carpark
