Description of the Proposal

Description

Please describe the proposed development including any change of use

We would like to change this 5 bedroom residential property into a Respite home for young adults with learning disabilities. The house would support 5 service users at a time and would reside in the property of varied nights depending on allocated needs. The property would have staff supporting the young adults at all times. The young adults that would be staying at the property have no behavioural difficulties so would not have an impact on neighbours. We envisage 3 members of staff throughout the day and 2 during the evening. We have our own mini bus that staff would be able to use as transport therefore reducing the need for no more that 5 vehicles at the property at any given time. There is ample parking available at the rear, side and front of the property which does not encroach on other residents within the area. The property would help the young adults learn valuable independent living skills and give support to families in much need of respite services. We are a commissioned service to Neath Port Talbot council and have direct referrals from Swansea Council also. We have chosen the village of Cwmavon as there are many facilities that the young adults would benefit from using within the immediate locality which include a park, community centre, shops, restaurant, library, health services. The property is a detached dwelling and has no immediate residential neighbours that would be impacted on our plans to change the property to Respite. The property has secure boundaries and it's garden does not back onto any residential dwellings, therefore not impacting on the residents that live nearby. There is a funeral parlour to the right of the, accessed via a lane and a graveyard surrounding the back and side of the property.
