

P4

Taken from the common, showing the old hard-standing access to the field. We have put extra stone on top by the field entrance and seeded it so that eventually it will have a grass covering

P5

Taken from the right hand end of the garden, showing the hard-standing and shuttering (giving an outline of the proposed footprint of the stable block)

P6

Taken from the middle of the garden, showing the hard-standing and shuttering

P7

Taken from the upstairs bedroom showing the hard-standing and field beyond

P8

This shows the post and rail fence already put up around three sides of the hard-standing,
