

PROPOSED SITE PLAN 1:500

To comply with the requirements of the Chief Planning Officer, there should be a net biodiversity gain. In this instance, an ibstock free access bat box will be fitted to the exterior of the building. details of chosen bat box below:

- * Discrete single bat brick
- * Easy to install
- * Allows bats to create a natural home habitat within the cavity of the building

Bat box to be located at first floor level of the proposed extension, under the eaves and on the south east facing elevation
