The proposed two storey side/rear extension would not comply with the Local Authority Design Guidance which would require a distance of at least 10 metres to a boundary as the proposed rear extension would be approx. 6.29m at its closest part from the rear boundary which would overbear the rear properties. The outlook from the first floor bedroom window would be over the private amenity spaces of the rear gardens of the neighbouring properties and would not comply with the distances required between the habitable room windows of these properties. As such, the proposed development may result in an unfavourable officer recommendation.

Since amending the plans - Having viewed the plans, the proposed developments may be considered to be acceptable subject to the first floor rear bedroom window, bathroom and walk in wardrobe windows being obscurely glazed and top opening at least 1.7m above the internal floor level of each room.
