

PANT CELYDD – P2021/0108

1. BAT ACCESS BRICK – 2 NO. TO BE INSTALLED (AS PER SITE LAYOUT DRAWING)

RED IBSTOCK BAT ACCESS BRICK

MATERIAL: Brick – Cheddar Red

DIMENSIONS (MM): 215 x 65 x 100

DURABILITY: F2 S2 – Fully Frost Resistant

ENTRANCE DIMENSIONS (MM): approx. 110 x 25

COLOUR: We hold stock of the Ibstock A0610A (Cheddar Red) - also available in other colours. Please contact us for details (sales@wildcare.co.uk)

SITING: Bat bricks should be positioned where they will be warmed by the sun and have a clear flight path to/from the box (i.e. not obscured by trees or buildings). The boxes should also not be lit by external lighting, so positioning away from streetlights will be best.

It is important that cats cannot access bat boxes, as they can catch bats as they leave the roost – so no ledges near the box, and it should be at least 3m from the ground.

A cavity chamber may need to be constructed to maintain an area free of insulating material where bats can roost.

MAINTENANCE: Bats and their homes are protected by law so it is important not to disturb them. The Bat Block does not require maintenance as the design allows droppings to fall from the entrance.

PANT CELYDD – P2021/0108

2. SWIFT HABITAT – 3 NO. TO BE INSTALLED (AS PER SITE LAYOUT DRAWING)

IBSTOCK SWIFT ECO HABITAT

MATERIAL: Brick/clay

DIMENSIONS (MM): 327 x 140 x 140

DURABILITY: Frost resistant

WEIGHT (KG): 4.5

LIFE EXPECTANCY: 150 Years

COLOURS: Blue, Buff, Red

SPECIES: Swift

SITING: Site near the eaves. They should be fitted either on a side of the building that gets some shade during the day, or under an overhang or under the eaves, to give protection from heat, but not over windows or near to vents.

They should be sited at least 5 metres above ground, with clear adjacent airspace so the Swifts can access them in high-speed direct flight (they usually fly straight in and out).

Make sure that predators (cats, crows, magpies, squirrels, and rats) do not have easy access (e.g by climbing up creepers or flying in from close perches).

MAINTENANCE: Maintenance-free
