

Notes:

1. Ground level obtained from topographic survey (Ref.5906-01. First Point Surveys, 2017) and recent LiDAR Data (NRW, 2022)
2. Geology obtained from geological mapping (County Series XVII SW). Regional dip of 10° adopted.
3. Geological ground model is preliminary only and is to be updated following intrusive site investigation works.
4. Dashed line denotes uncertainty.
5. Line of section is shown on Figure 3.

PROJECT: PROPOSED ADVENTURE PARK, AFAN VALLEY RESORT
