This application follows the refusal of application P2021/0636 which was refused on the 4th August 2021. To overcome concerns in the refused application, the height of the monopole has been reduced from 18m to 16m whilst being relocated approximately 160m to the North-West. These modifications both reduce the visual impact of the proposed equipment whilst keeping an extremely suitable distance from residential amenities.

This is an application for a determination as to whether the prior approval of the Authority will be required to the siting and appearance of the development as outlined on the enclosed drawings.

We write on behalf of CK Hutchison Networks (UK) Ltd with regard to telecommunications apparatus at the above location. CK Hutchison Networks (UK) Ltd is a licensed operator of an electronic communications network in accordance with the Communications Act 2003.
