Dear Sir or Madam

Application for Listed Building Consent.

Exploratory works to Clydach Brook Aqueduct, namely 11. No core drills and a single inspection hole.

Following discussions with your authority as requested please find attached a Listed Building Consent Application for the above works.

Network Rail sought agreement for the proposed works subject to this Listed Building Consent Application via a pre-application submission, as it was initially considered the works were minor in nature, not impacting the character or appearance of the listed structure. However, your authority has since requested a formal application for consideration.

This application forms information that has already be submitted and considered by your authority via the pre-application submission reference Q2022/0248.

Please find attached Schedule of drawings as listed below: -

Document Name	Ref no.	Revision ref.
