Details of the pre-application advice received

By reason of the nature of the development and its siting within the defined settlement limit, there is scope for the principle of the development to be acceptable subject to adherence to other policy and material considerations, more specifically the impact upon the residential amenity of the neighbours.

Please note that the above advice is offered without prejudice to the submission of a formal planning application.

Required Supporting Documentation

We would encourage you to submit your application electronically via www.gov.wales/planningapplications.

Having regard to the nature of your proposal, it is considered at this stage that in addition to the submission of standard mandatory supporting documentation such as application forms, plans and fee, any application for the above development should also be accompanied by the following additional documentation: -

- Details of biodiversity enhancements.
- Specification for domestic microgeneration equipment (solar panels, air source heat pump, electric vehicle charging).
- Business Plan / Supporting Statement – outlining details of operation.
- Noise impact assessment (depending on whether the air source heat pump would form part of the scheme and would require planning permission).
