Action Conditions

- 2 Within 3 months of the date of this permission, a scheme for reinstatement of the post and rail fence between the application site and the adjacent cyclepath along the south-west boundary shall be submitted to and approved in writing by the Local Planning Authority. The submitted scheme, which shall include the design, extent and position of new fencing, shall be fully implemented on site in accordance with the approved scheme details and completed within 3 months of such written approval of the scheme being given. The fence shall thereafter be maintained in perpetuity.

Reason:

In the interest of pedestrian and cyclist' safety and to accord with Policies SP20 and TR2 of the Adopted Neath Port Talbot Local Development Plan.

- 3 Within 3 months of the date of this permission, an ecological and landscape management plan ('ELMP') shall be submitted to and approved in writing by the Local Planning Authority. The ELMP shall relate to all areas within the application site boundary and shall include management responsibilities and maintenance schedules for all species and habitats for a period of 5 years. The approved ELMP shall be implemented and adhered to in accordance with the approved details thereafter.

Reason:

In the interest of biodiversity, to maintain and mitigate against the loss of any foraging habitats, and to accord with Policy 9 of Future Wales: The National Development Plan 2040 and Policy SP15 and EN6 of the Adopted Neath Port Talbot Local Development Plan.

- 4 In the event that contamination is found at any time when carrying out the approved development that was not previously identified, work on site shall cease immediately and shall be reported in writing to the Local Planning Authority. A Desk Study, Site Investigation, Risk Assessment and where necessary a Remediation Strategy must be undertaken in accordance with the following document:- Land Contamination: A Guide for Developers (WLGA, WAG & EAW, July 2006). This document shall be submitted to and agreed in writing with the Local Planning Authority. Prior to occupation of the development, a verification report which demonstrates the effectiveness of the agreed remediation, shall be submitted to and agreed in writing with the Local Planning Authority.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off site receptors, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

Informatives:

1 The proposed development is crossed by a strategic watermain, the approximate position being shown on the attached plan. Dwr Cymru Welsh Water, as Statutory Undertaker, has statutory powers to access its apparatus at all times. Dwr Cymru/Welsh Water have 'Conditions for Development near Watermain(s)'. It may be possible for watermain(s) to be diverted under Section 185 of the Water Industry Act 1991, the cost of which will be re-charged to the developer. The developer is strongly advised to contact Dwr Cymru/Welsh Water to discuss their requirements.

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises Future Wales - the National Plan 2040 and the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

It is considered that the proposal represents an appropriate form of development that would have no unacceptable impact on environmental considerations, amenity, highway safety or ecology. Accordingly, the proposed development is in accordance with Policies EN6, EN7, EN8, W2, BE1 and TR2 of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with Future Wales - the National Plan 2040 and the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed:

Ceri Morris – Head of Planning & Public Protection

Date: 21 March 2023

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.
