Details of the pre-application advice received

It is acknowledged that a number of alterations have been proposed within this pre-application enquiry to attempt to enhance the acceptability of the development, these include the installation of retaining works to reduce the overall height of the development by approximately 50cm, and the installation of a 2m high close boarded fence on the boundary with 17 Firwood Close. Despite the proposed screening and alterations, due to the level of the raised decking and window, overlooking issues would still arise and the development would still be visually prominent within the streetscene, therefore from a planning perspective the development would remain unacceptable on visual and residential amenity grounds.
