Dear Kittie

Further to the matters raised in email 03/04/2023, the compromise which was appreciated in regard to parking bays requirement by Highways.

Having tried to extend and reposition the outer bays as noted. However unfortunately without moving the main dwellings back from the road front the following dimensions are the best I can achieve, as in bay 5 is short by 500mm to what was requested. I attach also the revised layout showing positioning of the larger bays, if it helps to share this with Highways.

BAY 1 = 6.0 M
BAY 2 = 6.0 M
BAY 3 = 4.8 M
BAY 4 = 4.8 M
BAY 5 = 5.5 M
BAY 6 = 6.0 M

Please let me know if this compromise can be accepted by Highways or do I need to move the dwelling back?

I will be happy to provide anything further you need.

Kindest Regards Sam Kingston
FDL.
