

GENERAL NOTES:

This drawing should be read in conjunction with the supporting documents submitted with this application.

In particular, for a detailed description of the proposals including approach to design, materials and finishes, specific reference should be made to Sections 6.1 (Preserving the Existing Character and Significance) and 6.2 (Approach) in the accompanying **Heritage Impact Assessment** along with Section 3 (Design Development and Proposals) within the accompanying **Design and Access Statement**.

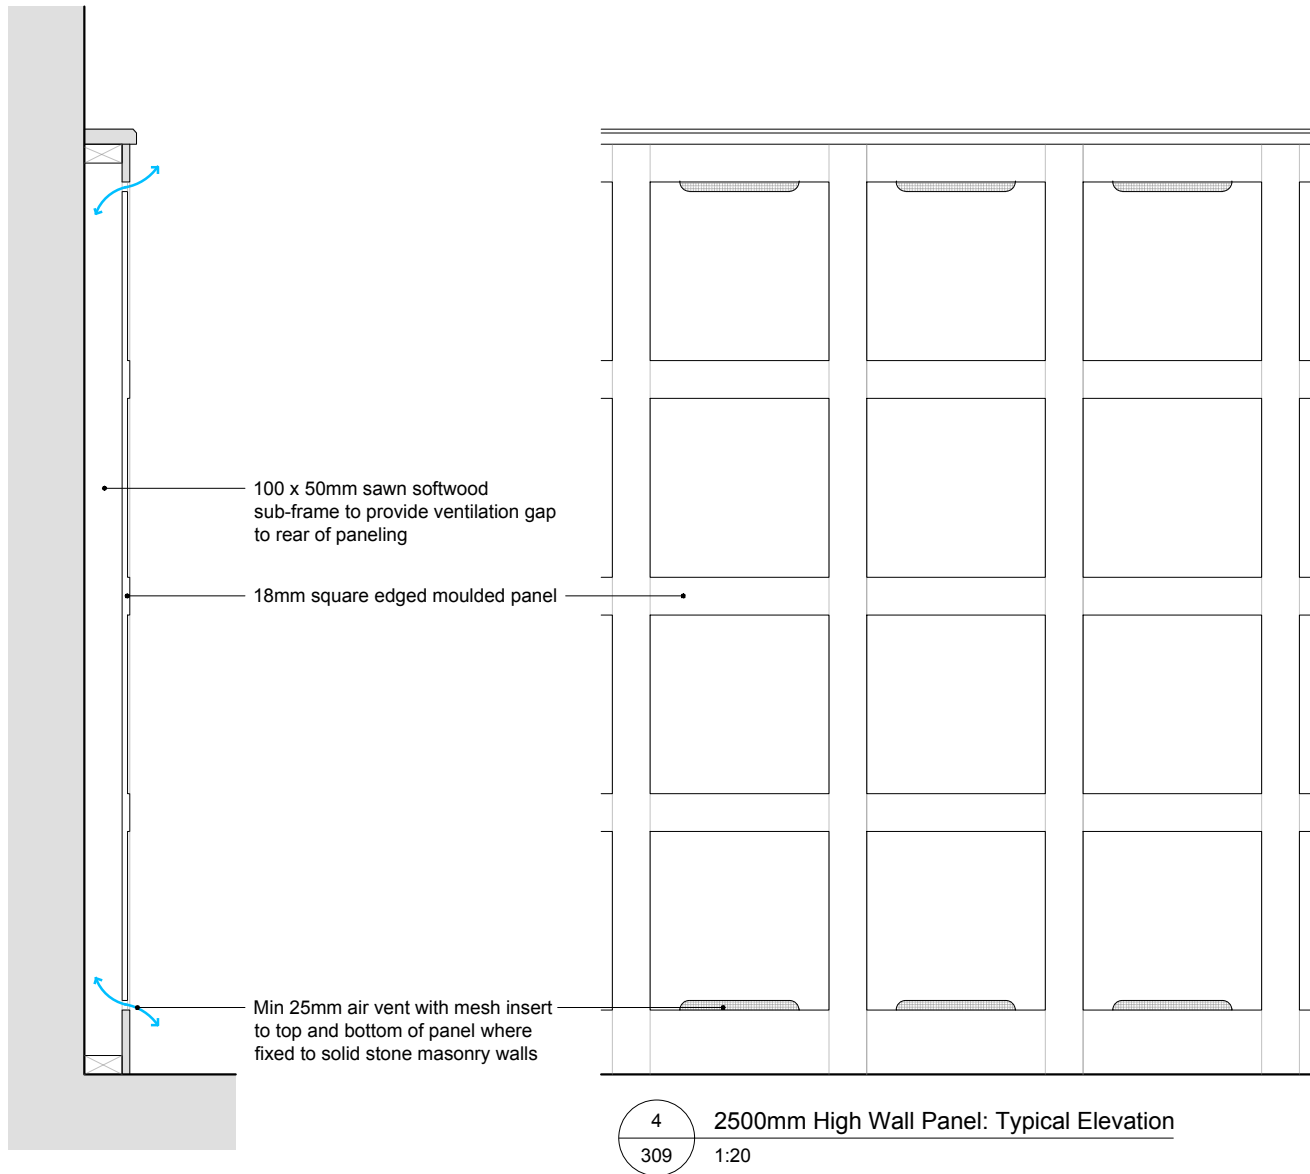

SPECIFICATION NOTES:

Where applied to existing solid stone masonry walls, paneling to comprise 18mm square edge moulded panels fixed to 100x50mm sawn softwood subframe with vertical centres at 600mm. Face of panel to incorporate top and bottom vents, minimum 25mm deep with mesh insert to enable masonry wall to 'breathe'. Where applied to new stud partitions, paneling to be applied to new surface with no sub-frame/vents required.

1 1200mm High Wall Panel: Section

309 1:20

3 2500mm High Wall Panel: Section

309 1:20
