As I mentioned to the landlord, if you wish to formally regularise the use of the building as a café from a planning perspective there are two potential options in doing so.

1. If you can evidence that the property has been continuously used as a cafe for 10 or more years you can submit an existing lawful development certificate. The following link will take you through to the relevant pages on our website <https://www.npt.gov.uk/7008> The fee for an Existing Lawful Development Certificate application is £460.00. Applications should be accompanied by a site location plan (Ordnance Survey Plan) with the application site outlined in red, at a scale of 1:1250 and with a north point shown, together with indicative floor plans which at this stage do not need to be produced to a stated scale. You will also need to submit evidence to support that the property has been Continuously used as a cafe for 10 years or more.

You are made aware that I have emphasised that the property needs to have been continuously used as a cafe for 10 years or more, as any alternative uses or vacant periods within the 10 years would dictate that the use would not be lawful due to the passage of time, and therefore we would be unable to grant the lawful development certificate.

2. If you are unable to evidence the period of time that the use has been operating for, if you wished to regularise the use of the building you would need to apply for planning permission for the use of the building as a cafe (A3) use. As part of this application you could then also apply for the opening hours you are seeking. You can apply for planning permission via the following link: <https://www.npt.gov.uk/7008> and the fee for the application would be £460.00. The application process takes 8 weeks from the date that the application is validated, and in order for the application to be considered valid the following information would be required:

- A completed application form
- Planning fee of £460.00
- A Site Location Plan which identifies the dwelling to be extended / altered (with the site outlined in red and any other land in your ownership outlined in blue). This must be at a recognised metric scale such as 1:1250, with a north point shown.
- Existing and Proposed Floor Plans – these can be indicative drawings as opposed to being produced to a set scale, and are required to provide us with an indication of the intended internal layout of property.
- Site/Block Plan (drawn at a scale of 1:200 or 1:500) illustrating the location of any parking spaces associated with the property (i.e. intended for use solely by visitors to the café), and the siting in relation to the property itself.
- Existing and Proposed Elevations may be required if external alterations to the building are proposed.

Please note that depending on the site constraints additional information may be requested following the submission of the application.

Ownership Certificates

Town and Country Planning (Development Management Procedure) (Wales) Order 2012

Please answer the following questions to determine which Certificate of Ownership you need to complete: A,B,C or D.

Are you the sole owner of ALL the land?

- ☐ Yes
☒ No

If No, can you give appropriate notice to ALL the other owners?

☒ Yes

☐ No
