

EXISTING
FRONT, SIDE and REAR ELEVATIONS

These details are not intended to show you how to comply with the Building Regulations but are produced only as a guide to cover areas known to create problems on site, they show the more common means of achieving compliance with the Building Regulations but are not the only way to comply. If your proposals vary in any way from these details, or you have any queries, you should discuss these with the area Building Control Officer before work commences.

We only recommend you submit your application using a Building Notice where you/ your builder are fully conversant with the requirements of the Building Regulations. If this is not the case, we recommend you employ a consultant to draw up full plans/ specification and submit a 'Full Plans' application on your behalf.

Whilst every care has been taken in compiling this information note and the statements contained herein, the publishers and promoters cannot accept responsibility for any inaccuracies.
