

Planning Application Number: P2023/0556

Site Address: The Gables, School Road, Jersey Marine, SA10 6JE.

Method Statement for Arboricultural Works:

- T3 will be pruned to give 1.5 metres clearance to the proposed extension to allow access for works.
- Heras fencing as shown below will be erected in the location marked on the Tree Protection Plan.
- The fenced off area will be designated as the construction exclusion zone (CEZ). All fencing must be in place before construction works begin and must not be moved or removed until all construction works have finished. Signage as shown below must be attached to the fencing.
- Works within the CEZ are restricted as follows:
 - No excavations to be carried out unless agreed as part of the planning permission.
 - No vehicle access.
 - No fires to be lit within the CEZ or within 10 metres of the crown of a tree to be retained.
 - No storage of construction materials or spoil within the CEZ.
 - No mixing of cement or discharge of contaminants such as fuel within the CEZ.
 - Soil levels within the CEZ must not be altered unless agreed as part of the planning permission.
 - No signs or lighting to be attached to trees to be retained.
- The area between the Heras fencing and the permitted development will be for pedestrian access only. Before access is permitted into this area ground protection must be installed. Ground protection can comprise one of the following:
 - A non-compressible geogrid matting such as Cellweb
 - A single thickness of scaffold boards placed either on top of a driven scaffold frame so as to form a suspended walkway, or on top of a compression-resistant layer (e.g., 150mm depth of woodchip), laid onto a geotextile membrane.
