

Proposed Front Elevation
1 : 100

Proposed Rear Elevation
1 : 100

biodiversity enhancement

A bat box such as a Schwegler 1WQ or suitable equivalent could be mounted on the south elevation of the house

Wooden (or woodcrete) nest box with 3 sub-divisions to support 3 nesting pairs. To be placed under the eaves of buildings.

Entrance holes: 32mm diameter
Dimensions: H310 x W370 x D185mm

To be implemented within 3 months of completing the works.
