

Noise Management Plan

Please see below for the steps we have taken to minimise noise from the dog grooming business in question at Red Robin Lodge, 2 Old School Court, Bryn, SA13 2BJ.

- The outbuilding is fully insulated (including the roof) and clad in timber with double glazed UPVC windows and doors to minimise noise impact.
- Working hours will be Monday-Friday 9:00am until 5:00pm. It will not be open on weekends or bank holidays.
- Windows and doors will remain closed throughout the grooming process. All equipment cannot be heard from outside the structure if the windows and doors are closed.
- Only one dog in the grooming salon at a time. This dog will leave the premises before the next dog arrives.
- Dogs will never be left unattended and so any barking (if any) can be stopped immediately.

To date no residential housing or any other building is within 100m of the proposed outbuilding.
