Dear Sir/Madam,

Trebanos Outfall Pipe and Headwall

Provision of a proposed outfall pipe, headwall and associated development in connection with Trebanos Wastewater Treatment Works

We are instructed by our client Dŵr Cymru Welsh Water (DCWW) to apply for full planning permission to Neath Port Talbot Council as Local Planning Authority for the Provision of a proposed outfall pipe, headwall and associated development in connection with Trebanos Wastewater Treatment Work, Neath Port Talbot.

The following documents and drawings have been submitted in support of the application; the mandatory documents have been submitted via Planning Portal (ref: **PP-12284447**).

Table 1 Submission Documents

No.	Document Title	Submission Method
1	The completed Planning Application Form including Certificate B and Agricultural Holding Certificate	Planning Portal
2	The Completed CIL Form	Planning Portal
3	Covering Letter	Planning Portal
4	Planning Statement [B16421-102503-07-ZZ-RP-TA-PN6702]	Planning Portal
5	Preliminary Ecological Appraisal [P9879 MS Trebanos WwTW Outfall PEA]	Planning Portal
6	Arboricultural Report, Impact Assessment, Tree Constraints Plan and Method Statement [ArbTS_1810.1_Trebanos]	Planning Portal

Date

24 January 2024

Table 2 Submission Drawings

No.	Drawing Number	Document Title	Submission Method
1	B16421-102503-07-ZZ-DR-TA-PN9060	Site Location Plan	Planning Portal
2	B16421-102503-07-ZZ-DR-TA-PN9061	Existing Site Layout	Planning Portal
3	B16421-102503-01-ZZ-DR-CA-CI5050	Proposed Plan & Profile	Planning Portal
4	B16421-102503-01-ZZ-DR-CA-CI5051	Proposed Headwall Outfall Details	Planning Portal

Please note that the planning fee of £920.00 has been paid separately via direct payment to the Neath Port Talbot Council Planning Department.

I trust you will find the application in order to enable a timely validation. Should you require any further information or clarification please do not hesitate to contact me.

Yours sincerely,

Harrison Moore
