

## **COEDFFRANC KITCHEN AND CANTEEN BLOCK DELIVERY MANAGEMENT PLAN**

### **PLANNING CONDITION 4**

#### **1. INTRODUCTION:-**

To satisfy Condition 4 of the approved planning approval P2023 / 0491 dated 12<sup>th</sup> October 2023 the following delivery and management plan relating to the operation of the new Kitchen and Canteen block has been prepared to provide the relevant information required.

#### **2. DELIVERIES:-**

The number of deliveries to the Kitchen is usually one delivery from Castell Howell and one from Slice 'n'dice, the size of vehicle will be restricted to a 7.5t box panel vehicle to suit the access from Stanley Road and the new turning head being provided as part of the works.

Castell Howells have advised the delivery vehicle size they will be using is as follows:-

Length – 6232mm width – 2033mm

Length of the loading area – 3532mm

Vehicle type body BA04

Mass of vehicle 2654kg.

Slice'n'dice delivery vehicle is either a 3.5 or 7.5t depending on the weekly order and will be instructed to comply with the size limit requirements.

Milk deliveries are via the school main entrance currently and will not change.

Delivery times will be timed to not conflict with drop off and pick up times and gates will be either opened/closed by the Caretaker or a member of the kitchen staff, depending on the time of the delivery, deliveries will be managed to ensure there is no impact on the adjacent properties.

#### **3. REFUSE / RECYCLING:-**

A bin /recycling store has been included within the design located at the Stanley Road end of the building, on the designated collection days the bins will be put out ready for emptying by the Caretaker, who will return them to the enclosed store at the front of the building when emptied.

#### **4. SUMMARY:-**

Based on the very small amount of deliveries (2 vehicles a week) and the arrangements that will be put in place when the Kitchen will become operational the impact on both the School and the adjacent properties will be inconsequential and should not affect or impact on Stanley Road residents or road users.
