DATE REGISTERED: 18 March 2024

APPLICATION NO: P2024/0144

LOCATION: Land Adjacent To, 100 Brookfield, Neath Abbey, Neath, Neath Port Talbot, SA10 7EL

PROPOSAL: Proposed construction of 1 No. detached dwelling and associated works

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

Conditions:-

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:

-Proposed Site Plan, revision B, amended 23/04/2024.

- Existing Site Plan, revision A, amended 18/03/2024.
- Proposed Floor Plans & Elevations, dated December 2023.
- Site Location Plan, dated January 2024.
- Proposed Street Scene, dated January 2024.
- Site Sections A-A, dated March 2024.
- Site Sections B-B, dated March 2024.

Reason:

In the interests of clarity.

Pre-Commencement Conditions

- 3 No development shall commence until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:

- (a) the parking of vehicles of site operatives and visitors;
- (b) loading and unloading of plant and materials;
- (c) routes of vehicles, plus delivery and construction times, taking into account the proximity of residential dwellings;
- (d) storage of plant and materials used in constructing the development;
- (e) the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- (f) wheel washing facilities to prevent deposition of material onto any hard surface road;
- (g) measures to control the emission of dust and dirt during construction;
- (h) a scheme for recycling/disposing of waste resulting from demolition and construction works;
- (i) scheme for the erection of temporary/semi-temporary signage warning drivers of speed restrictions;
- (j) the frequency and size of vehicles used to transport the waste material arising from the demolition works;
- (k) measures to prevent stacking of vehicles onto the public highway;
- (l) identification of the significant construction and demolition noise sources, detailing the physical and operational management controls necessary to mitigate emissions from these noise sources, as well as noise complaint investigation procedures;
- (m) Hours of working on site, and specified hours for deliveries and any elements of the demolition or construction that could lead to amenity issues from noise and disturbance to adjoining properties.

Reason:

In the interest of highway and pedestrian safety, the environment, and the amenity of residents, and to ensure accordance with Policies BE1, EN8 and TR2 of the adopted Neath Port Talbot Local Development Plan.

- 4 No development shall take place until a scheme to enable the provision of gigabit capable broadband infrastructure from the site boundary to the dwellings hereby permitted has been submitted to and agreed in writing by the local planning authority. Development shall be carried out in accordance with the approved details.

Reason:

To support the roll-out of digital communications infrastructure across Wales in accordance with Policy 13 of Future Wales.

Action Conditions

- 5 The approved scheme of ecological enhancement indicated within the Green Infrastructure Statement dated February 2024 shall be implemented prior to the first beneficial use of the development hereby approved and retained thereafter for the lifetime of the development.

Reason:

In the interests of Biodiversity and to provide a net benefit to Biodiversity in accordance with Policy 9 of Future Wales and so as to accord with Policy SP15 of the adopted Neath Port Talbot Local Development Plan.

- 6 Notwithstanding the details submitted, prior to the first beneficial use of the development hereby approved, the first floor windows on the eastern and western side elevations serving the bathrooms shall be fitted with obscured glazing, and any part of the windows that is less than 1.7m above the floor of the room in which it is installed shall be non-opening. The windows shall be permanently retained as such thereafter,

Reason:

In the interest of the amenities of the adjoining properties, and to ensure accordance with Policy BE1 of the adopted Neath Port Talbot Local Development Plan.

- 7 Prior to the first occupation of the dwelling hereby approved, the driveway shall be surfaced in porous material, or provision must be made to direct run-off water from the hard surface, to a permeable porous area or surface within the curtilage of the dwelling to a maximum gradient of 1 in 9. No surface water shall be allowed to flow out onto the public highway and shall be permanently maintained as such thereafter.

Reason:

In the interests of highway and pedestrian safety, to ensure adequate drainage of the site and to ensure accordance with Policy TR2 of the adopted Neath Port Talbot Local Development Plan.

- 8 Prior to the first occupation of the dwelling hereby approved, the vehicular footway crossing shall be extended to tie into the dropped crossing of 100B to Highway Authority specification.

Reason:

In the interest of highway safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 9 Prior to the first occupation of the dwelling hereby approved, the boundary walls either side of the proposed driveway shall be reduced for the first 2.4 metres to a maximum height of 600mm, in accordance with the Proposed Site Plan, revision B, amended 23/04/2024, and shall be retained as such thereafter.

Reason:

In the interest of highway safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 10 Notwithstanding the details contained within the Tree Survey Report dated 21/05/24, and prior to the start of any building work, protective fencing shall be erected along the radius of the root protection area, and shall remain in place for the entire duration of the building work, and shall be removed upon completion.

Reason:

In order to ensure minimum root disturbance and prevent any inadvertent damage to the tree, and so as to accord with Policy EN7 of the adopted Neath Port Talbot Local Development Plan.

Regulatory Conditions

- 11 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), no extensions or outbuildings shall be erected without the prior grant of planning permission in that behalf.

Reason

In order to safeguard the protected tree by enabling the Local Planning Authority to consider whether planning permission should be granted for extensions, having regard to the wellbeing of the protected tree and to accord with Policies BE1 and SC1 of the Neath Port Talbot Local Development Plan.

- 12 All works shall be undertaken in accordance with BS5837:2012 Trees in relation to design, demolition and construction.

Reason:

To ensure the existing tree is protected throughout the construction of the development, in the interest of amenity, and to ensure the development complies with Policies BE1 and EN7 of the Neath Port Talbot Local Development Plan.

- 13 Any gates shall be of a type which open inwards only, can be seen through and shall be maintained as such thereafter.

Reason:

In the interest of highway and pedestrian safety, and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 14 Pedestrian vision splays of 2.4 metres by 2.4 metres (measured back from back of footway) shall be provided and maintained each side of each access within which nothing over 600mm in height shall be erected or allowed to grow.

Reason:

In the interest of highway and pedestrian safety, and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 15 No surface water from within the curtilage of the dwelling shall be allowed to flow out onto the public highway or be connected into the highway drainage system.

Reason:

To prevent hydraulic overloading of the highway drainage system and to ensure the development complies with Policy EN8 of the Neath Port Talbot Local Development Plan.

- 16 No surface water and/or land drainage shall be allowed to connect directly or indirectly with the public sewerage network.

Reason:

To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment, and to ensure the development complies with Policy EN8 of the Neath Port Talbot Local Development Plan.

- 17 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), no fences, gates or walls over 600mm in height shall be erected forward of the principal elevation of the dwellinghouse hereby approved.

Reason:

In order to safeguard the amenities of the area by enabling the Local Planning Authority to consider whether planning permission should be granted for such enclosures having regard to the open layout and design of the surrounding development, and to accord with Policies BE1 and SC1 of the Neath Port Talbot Local Development Plan.

Informatives:

1 For the construction of the extension of the vehicular crossing over the footway, you should contact the Highways and Engineering Manager of Neath Port Talbot County Borough Council at The Quays, Brunel Way, Baglan Energy Park, Neath, SA11 2GG (Tel. No. 01639-686344 or 686407). If you propose to do the work yourself you should contact the above prior to commencing any works within the highway in order to arrange the necessary indemnity and specification for the works.

2 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

3 Please note that from 7th January 2019, all new developments of more than 1 house, or where a construction area is of 100m² or more, plus if the SAB authority believe that any redevelopment of land has significant surface water drainage implications. This will require sustainable drainage - built in accordance with mandatory standards for sustainable drainage published by Welsh Ministers - to manage on-site surface water. More information is available in Schedule 3 of the Flood & Water Management Act 2010. These systems must be approved by the Council's Highway Development Control service acting in its SuDS Approving Body (SAB) role before construction work begins. In this respect it is essential

that a developer of any such project gain SAB approval of its surface water drainage alongside any relevant planning permission. You will not be allowed to start construction until both permissions have been approved. If you have not done so already, and your development would not fall into any of the relevant exceptions, you are therefore strongly encouraged to request further advice from the SAB. Involving the SAB Officers in pre-application discussions will allow for SuDS drainage matters (to ensure suitability of proposed SuDs design in line with national standards and adequate site layout) to be considered alongside the assessment of planning merits. There is an additional charge of £250 for this service. This can be as part of any agreed further pre-application submissions with the Planning Authority (recommended) or independently/ direct with the SAB. You are advised, however, that failing to engage in joint pre-application discussions has the potential to lead to delays and, most notably, the potential need to obtain further planning permission should any agreed SuDS design not be compliant with any relevant planning permission. The required SAB permission is separate from any planning permission that might be granted and any works commenced without SAB approval will be deemed a breach of approval required under Paragraph 7 (1) Schedule 3 of the Flood and Water Management Act 2010 whereby action will be taken by the Authority under The Sustainable Drainage (Enforcement) (Wales) Order 2018, which could mean removing any work that has commenced. As such under this legislation you are not permitted to start work on site until SAB approval has been granted for your proposed development. You can search the Authority's web site for further information using the link <https://www.npt.gov.uk/sab> or contact the Highway Development Control Section using sab-hdc@npt.gov.uk or 01639 686850.

4 In accordance with Planning Policy Wales (Edition 12) and Technical Advice Note 12 (Design), the applicant is advised to take a sustainable approach in considering water supply in new development proposals, including utilising approaches that improve water efficiency and reduce water consumption. We would recommend that the applicant liaises with the relevant Local Authority Building Control department to discuss their water efficiency requirements. The applicant may need to apply to Dwr Cymru / Welsh Water for any connection to the public sewer under S106 of the Water industry Act 1991. If the connection to the public sewer network is either via a lateral drain (i.e. a drain which extends beyond the connecting property boundary) or via a new sewer (i.e. serves more than one property), it is now a mandatory requirement to first enter into a Section 104 Adoption Agreement (Water Industry Act 1991). The design of the sewers and lateral drains must also conform to the Welsh Ministers Standards for Gravity Foul Sewers and Lateral Drains and conform with the publication "Sewers for Adoption"- 7th Edition. Further information can be obtained via the Developer Services pages of www.dwrcymru.com. The planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water industries Act 1991. Any alterations to existing premises resulting in the creation of additional premises or merging of existing premises must also be constructed so that each is separately connected to the Company's water main and can be separately metered. Please contact our new connections team on 0800 917 2652 for further information on water and sewerage connections. The applicant is also advised that some public sewers and lateral drains may not be recorded on our maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

5 The comments from Natural Resources Wales only relate specifically to matters included on their checklist, Development Planning Advisory Service: Consultation Topics

(September 2018), which is published on their website. Natural Resources Wales have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests. They therefore advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to Natural Resources Wales' website for further details.

6 Response from Wales & West Utilities - You will note the presence of our intermediate / high pressure gas main(s) in proximity to your site. No excavations are to take place above or within 10m of the confirmed position of these mains without prior consultation with Wales & West Utilities. We enclose an extract from our mains records of the area covered by your proposals. This plan shows only those pipes owned by Wales & West Utilities in its role as a Licenced Gas Transporter (GT). Gas pipes owned by other GT's and also privately owned may be present in this area. Information with regard to such pipes should be obtained from the owners. The information shown in this plan is given without obligation, or warranty, the accuracy thereof cannot be guaranteed, no liability of any kind whatsoever is accepted by Wales & West Utilities, its agent or servants for any error or omission. The Wales & West Utilities High Pressure Network may be affected by your proposals and a copy of the information you have provided has been forwarded to Asset for their comment. They will contact you as necessary. Please note, 7 days' notice is required if you require a site visit from an Engineer.

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises Future Wales - the National Plan 2040 and the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

It is considered that the proposal represents an appropriate form of development that would have no unacceptable impact on the visual amenity of the area, the amenities of neighbouring residents, highway safety, biodiversity, or the existing protected tree. Accordingly, the proposed development is in accordance with Policies SP3, SP4, SP15, SP20, SP21, SC1, I1, EN6, EN7, TR2 & BE1 of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with Future Wales - the National Plan 2040, specifically Policies 2 (Shaping Urban Growth and Regeneration - Strategic Placemaking) & 9 (Resilient Ecological Networks and Green Infrastructure) and the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed: 
Ceri Morris – Head of Planning & Public Protection

Date: 6 June 2024

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

(6) Welsh Water Dwr Cymru advise that the planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water Industry Act 1991.

Please note, in accordance with Construction and Design Management (CDM) Regulations, it is the applicant's responsibility to ensure that any proposed works within their curtilage do not conflict with any underground services and is recommended they review their land registry title deeds for any legal covenants. For Sewers or Watermains that may be present and affected by your proposals, you are advised to contact Dwr Cymru Welsh Water who will be able to explain whether your proposed works will be acceptable as well as any consent required. Prior to commencing works, it is also recommend the applicant review the information and guidance on Building Over Sewers

available on Welsh Water's website at

<https://developers.dwrcymru.com/en/applications/planning/build-over-or-near-to-sewers>

The applicant is also advised that some public sewers and lateral drains may not be recorded on Welsh Water maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
- (2) You can also appeal to the Welsh Government against a decision to refuse permission or grant subject to conditions in respect of applications made for :- Listed Building or Conservation Area Consent; Consent under a Tree Preservation Order; Advertisement Consent.
- (3) You can also appeal If your application for a Certificate of Lawful Existing Use or Lawful Proposed Use is partly or wholly refused or is granted differently from what you asked for (under Section 195/196) of the Town and Country Planning Act 1990 (as amended).
- (4) If you are aggrieved of the LPAs decision, the following deadlines apply for appeals to be submitted to the Welsh Government (from the date of the Council's decision):-

(1) Planning Permission (with the exception of Minor Commercial and Householder applications – see below)	Within 6 Months
(2) Householder Appeal see endnote i	Within 12 weeks
(3) Minor Commercial Appeal see endnote i	Within 12 weeks
(4) Listed Building or Conservation Area Consent appeals	Within 6 months
(5) Tree Preservation Order (TPO) Consent	Within 28 days
(6) Advertisement Consent	Within 8 weeks
(7) Certificate of Lawfulness of Existing (Section 191) or Proposed (Section 192) Use or Development	Within 6 months
(8) Hazardous Substances Consent	Within 6 months
- (5) Appeals must be made on a form which is obtainable from the Planning & Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ – Tel 0300 060 4400, or online at <https://planningcasework.service.gov.wales/>.
- (6) The Welsh Government has power to allow a longer period for the giving of notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- (7) The Welsh Government is not required to entertain an appeal if it appears to them that permission for the proposed development could not have been granted having regard to the statutory requirements to the provisions of the development order, and to any directions given under the Order. They do not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by them.
- (8) If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Welsh Government, and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the County Borough Council, in which the land is situated, as the case may be, a **purchase notice** requiring that Council purchase his interest in the land in

accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Making an Appeal

- (9) Please note that for all applications received by the LPA after 5th May 2017, it is now a requirement that any appeal made to the Planning Inspectorate (other than Householder and Minor Commercial Appeals, and appeals against refusal to grant advertisement consent) must be accompanied by all the information and evidence you intend to rely upon (a **“full statement of case”**). You must also send a copy of the notice of appeal and full statement of case to the LPA.
- (10) In addition, for ‘planning appeals’ an amendment to an application following notice of appeal may only be made to correct an error.
- (11) Additional details and information on making an appeal to the Welsh Government is available from the Planning Inspectorate at the above address and website. The relevant documents are entitled “making your planning appeal” and “planning appeals Public Local Inquiries”.
- (12) Further correspondence regarding this application should bear the reference number quoted on the top of the decision notice.

THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

- BUILDING REGULATIONS – Please contact buildingcontrol@npt.gov.uk or 01639 686820 to discuss all aspects of the service that is offered by Building Control
- HIGHWAY LEGISLATION

IF PLANNING CONSENT HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT

ⁱ Please see the [Town and Country Planning \(Referred Applications and Appeals Procedure\) \(Wales\) Regulations 2017](#) for appeal procedures and for full definitions of:

- *“householder application”* (essentially an application for the enlargement, improvement or other alteration of a dwellinghouse, or development within the curtilage of such a dwellinghouse, or change of use to enlarge the curtilage of a dwelling house)
- *“householder appeal”* means an appeal in relation to a householder application, but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
- *“minor commercial application”* (essentially relates to existing buildings of no more than 250 square metres gross external floor space at ground floor level, currently in use for any of the purposes set out in Schedule 1A to The Town and Country Planning (Development Management Procedure) (Wales) (Amendment) Order 2015 which is an application for change of use from Class A1 to A2 or A3; or Class A2 to A3); or the carrying out of building or other operations to a shop front.
- *“minor commercial appeal”* means an appeal in relation to a minor commercial application but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
