Description of the Proposal

Description

Please describe the proposed development including any change of use

The proposed planning application seeks approval for improving the road access into Llansawel AFC football ground.

The primary components of this initiative include widening the existing road by a total of 5 meters, utilising permeable asphalt/tarmac for resurfacing, and creating dedicated pedestrian footpaths on both sides of the pavement, surfaced with permeable tarmac.

Road Widening:
The widening of the road leading to Llansawel AFC football ground is a crucial element of this project, aimed at accommodating increased traffic flow, improving accessibility, and ensuring a smoother transition for vehicles entering and exiting the premises. The additional 5 meters will not only enhance the overall safety of the road but will also contribute to the efficient movement of both spectators and stakeholders during events.

Resurfacing with Permeable Asphalt/Tarmac:
The resurfacing aspect of the project involves the use of permeable asphalt/tarmac, which offers a sustainable solution to manage surface water runoff. This environmentally friendly material allows rainwater to permeate through the surface, reducing the risk of flooding and aiding in groundwater recharge. The choice of permeable asphalt/tarmac aligns with modern ecological practices, promoting water sustainability.

Pedestrian Footpaths:
To promote a safer and more pedestrian-friendly environment, the proposal includes the creation of dedicated footpaths on either side of the pavement leading to Llansawel AFC football ground. These pathways will be hard-surfaced using permeable tarmac, ensuring a durable and low-maintenance solution. The incorporation of pedestrian pathways aims to encourage sustainable modes of transportation, enhance accessibility for fans, and contribute to the overall aesthetics of the football ground.

In summary, the proposed planning application seeks to undertake road widening, resurfacing with permeable asphalt/tarmac, and the creation of pedestrian footpaths to improve the road access into Llansawel AFC football ground.

Has the work or change of use already started?
