DATE REGISTERED: 19 October 2023

APPLICATION NO: P2023/0801

LOCATION: 63 & 65 Main Road, Bryncoch, Neath, Neath Port Talbot, SA10 7TA

PROPOSAL: Demolition of two existing dwellings and the erection of one no. two storey dwelling (with attic storage) together with associated works.

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

This is Decision Notice Revision 1 issued on 12/08/2024

Conditions:-

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:

- Existing site & location plans, drawing no. 01, received 19/10/2023.
- Existing site plan, drawing no. 02, received 19/10/2023.
- Existing elevations, drawing no. 03, received 19/10/2023.
- Existing floor plans, drawing no. 04, received 19/10/2023.
- Proposed plans, drawing no. 05 Revision D, received 19/10/2023.
- Proposed elevations, drawing no. 06 Revision D, received 19/10/2023.
- Proposed site plan and attic space, drawing no. 07 Revision E, received 19/12/2023.
- Proposed site & location plans, drawing no. 08 Revision A, received 19/12/2023.
- Proposed site plan, drawing no. 09 Revision A, received 19/12/2023.
- Street scene, drawing no. 10 Revision A, received 19/10/2023.
- Cross section, drawing no. 11 Revision A, received 19/10/2023.

Reason:

In the interests of clarity.

Pre-Commencement Conditions

- 3 No development shall take place until a Construction Noise and Vibration Management Plan has been submitted to, and approved in writing by, the local planning authority. The approved Noise Management Plan shall identify all significant noise sources; detail the physical and operational management controls necessary to mitigate emissions from these noise sources; hours of working on site, and specified hours for deliveries; and any elements of operation that could lead to amenity issues from noise and disturbance to surrounding properties. The Construction Noise and Vibration Management Plan shall also detail any noise complaint investigation procedures. The approved Construction Noise and Vibration Management Plan shall be adhered to throughout the operation of the approved use.

Reason:

To protect the amenity of the locality, especially for people living and/or working nearby, in accordance with Local Planning Policy.

Details in respect of the above condition were agreed by discharge of condition application ref: P2024/0315 on 12/08/2024.

- 4 No development shall commence until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:

- (a) the parking of vehicles of site operatives and visitors;
- (B) loading and unloading of plant and materials;
- (c) routes of vehicles, plus delivery and construction times, taking into account the proximity of residential dwellings;
- (d) storage of plant and materials used in constructing the development;
- (e) the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;

- (f) wheel washing facilities to prevent deposition of material onto any hard surface road;
- (g) measures to control the emission of dust and dirt during construction;
- (h) a scheme for recycling/disposing of waste resulting from demolition and construction works;
- (i) scheme for the erection of temporary/semi-temporary signage warning drivers of speed restrictions;
- (j) the frequency and size of vehicles used to transport the waste material arising from the demolition works;
- (k) measures to prevent stacking of vehicles onto the public highway;
- (l) identification of the significant construction and demolition noise sources, detailing the physical and operational management controls necessary to mitigate emissions from these noise sources, as well as noise complaint investigation procedures;
- (m) Hours of working on site, and specified hours for deliveries and any elements of the demolition or construction that could lead to amenity issues from noise and disturbance to adjoining properties.

Reason:

In the interest of highway and pedestrian safety, the environment, and the amenity of residents, and to ensure accordance with Policies BE1, EN8 and TR2 of the adopted Neath Port Talbot Local Development Plan.

Details in respect of the above condition were agreed by discharge of condition application ref: P2024/0315 on 12/08/2024.

- 5 No development shall take place until a scheme to enable the provision of gigabit capable broadband infrastructure from the site boundary to the dwellings hereby permitted has been submitted to and agreed in writing by the local planning authority. Development shall be carried out in accordance with the approved details.

Reason

To support the roll-out of digital communications infrastructure across Wales in accordance with Policy 13 of Future Wales.

Details in respect of the above condition were agreed by discharge of condition application ref: P2024/0315 on 12/08/2024.

Action Conditions

- 6 Prior to the first beneficial use of the development hereby approved, the ecological enhancement measures shall be implemented as detailed in section 4 Recommendations of the Bat Survey Report ref. 'IG202363&65MainRoad'.

Reason:

In the interests of Biodiversity and to provide a net benefit to Biodiversity in accordance with Policy 9 of Future Wales and so as to accord with Policy SP15 of the adopted Neath Port Talbot Local Development Plan.

- 7 Prior to the first occupation of the dwelling hereby approved, the car parking spaces as shown on the approved plans shall be provided, and shall be retained as such thereafter.

Reason:

In the interest of highway safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 8 Prior to the first occupation of the dwelling hereby approved, the driveway and all car parking area shall be hard surfaced in a porous material, or provision must be made to direct run-off water from the hard surface, to a permeable porous area or surface within the curtilage of the dwelling to a maximum gradient of 1 in 9, with no surface water allowed to flow out onto the public highway and permanently maintained as such thereafter.

Reason:

In the interests of highway and pedestrian safety, to ensure adequate drainage of the site and to ensure accordance with Policy TR2 of the adopted Neath Port Talbot Local Development Plan.

- 9 Should any springs or ground water seepage be encountered the on site works in that area shall cease until a scheme for collection and disposal of the water has been submitted to and approved in writing by the Local Planning Authority. No ground water shall ever be discharged into the proposed drainage scheme.

Reason:

In order to comply with Policy EN8 of the Neath Port Talbot Local Development Plan.

Regulatory Conditions

- 10 Any gates shall be of a type which open inwards only, can be seen through and shall be maintained as such thereafter.

Reason:

In the interest of highway and pedestrian safety, and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 11 No surface water from within the curtilage of the completed property shall flow out onto the public highway or be connected into the highway drainage system.

Reason:

In order to comply with Policy EN8 of the Neath Port Talbot Local Development Plan.

- 12 Adequate provision shall be made for the drainage of the site, to ensure that the drainage of any adjoining land is not interrupted or otherwise adversely effected by the development during the life time of construction.

Reason:

In order to comply with Policy EN8 of the Neath Port Talbot Local Development Plan.

- 13 No surface water or land drainage run-off shall be allowed to connect, either directly or indirectly, to the public sewerage system unless otherwise approved in writing by the Local Planning Authority.

Reason:

In order to comply with Policy EN8 of the Neath Port Talbot Local Development Plan.

- 14 No surface water and/or land drainage shall be allowed to connect directly or indirectly with the public sewerage network.

Reason: To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment, and in order to comply with Policy EN8 of the Neath Port Talbot Local Development Plan.

- 15 Demolition & construction operations shall be limited to 08:00-18:00 Mon-Fri, 08:00-13:00 Saturday, and no demolition & construction operations shall take place on Sunday and Public Holidays without the prior approval of the Local Planning Authority.

Reason:

To protect the amenity of the locality, especially for people living and/or working nearby, in accordance with Local Planning Policy.

- 16 Prior to occupation of the dwelling hereby approved, the required vision splay of 2.4m by 45m in both direction shall be implemented on site in accordance with TAN18 Page 44, Table A. There shall be no obstructions higher than 600mm in height within these splay areas to allow for a safe unobstructed egress from the site. The vision splays shall be retained as such thereafter.

Reason:

In the interest of highway and pedestrian safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan and TAN 18.

Informatives:

1 Bats often roost in houses and other buildings, and work on these buildings may disturb a bat roost. All bats and their roosts are protected against disturbance under UK and European legislation. If works are planned on a building in which bats are roosting, Natural Resources Wales must be contacted. If work has already commenced and bats are found, or if any evidence that bats are using the site as a roost is found, work shall cease and NRW should be contacted immediately. Where bats or their roosts are present, no works of site clearance, demolition or construction shall take place unless a licence to disturb these species and/or their roosts has been granted in accordance with the relevant legislation. NRW can be contacted at:-Natural Resources Wales, Ty Cambria, 29 Newport Road, Cardiff CF24 0TP, 0300 065 3000. Bat Conservation Trust can be contacted at:- Studio 15, Cloisters House, Cloisters Business Centre, 8 Battersea Park Road, London, SA8 4BG, 0345 1300 228.

2 Natural Resources Wales (NRW) advise that their comments only relate specifically to matters included on their checklist, Development Planning Advisory Service: Consultation Topics (September 2018), which is published on their website. NRW have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests. NRW advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other

permits/consents/licences relevant to their development. Please refer to Natural Resources Wales website for further details.

3 Natural Resources Wales advise that construction and demolition activities can give rise to pollution and so it is important that appropriate provisions are in place to manage dust, silt, surface water and the storage of waste during the construction phase. You should take any precaution to prevent contamination of surface water drains and local watercourses. All works at the site must be carried out in accordance with GPP5, 'Works and maintenance in or near water' and PPG6, 'Working at construction and demolition sites' which is available on the following website: <http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelinesppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

4 Please note that from 7th January 2019, all new developments of more than 1 house, or where a construction area is of 100m² or more, plus if the SAB authority believe that any redevelopment of land has significant surface water drainage implications. This will require sustainable drainage - built in accordance with mandatory standards for sustainable drainage published by Welsh Ministers - to manage on-site surface water. More information is available in Schedule 3 of the Flood & Water Management Act 2010. These systems must be approved by the Council's Highway Development Control service acting in its SuDS Approving Body (SAB) role before construction work begins. In this respect it is essential that a developer of any such project gain SAB approval of its surface water drainage alongside any relevant planning permission. You will not be allowed to start construction until both permissions have been approved. If you have not done so already, and your development would not fall into any of the relevant exceptions, you are therefore strongly encouraged to request further advice from the SAB. Involving the SAB Officers in pre-application discussions will allow for SuDS drainage matters (to ensure suitability of proposed SuDS design in line with national standards and adequate site layout) to be considered alongside the assessment of planning merits. There is an additional charge of £250 for this service. This can be as part of any agreed further pre-application submissions with the Planning Authority (recommended) or independently/ direct with the SAB. You are advised, however, that failing to engage in joint pre-application discussions has the potential to lead to delays and, most notably, the potential need to obtain further planning permission should any agreed SuDS design not be compliant with any relevant planning permission. The required SAB permission is separate from any planning permission that might be granted and any works commenced without SAB approval will be deemed a breach of approval required under Paragraph 7 (1) Schedule 3 of the Flood and Water Management Act 2010 whereby action will be taken by the Authority under The Sustainable Drainage (Enforcement) (Wales) Order 2018, which could mean removing any work that has commenced. As such under this legislation you are not permitted to start work on site until SAB approval has been granted for your proposed development. You can search the Authority's web site for further information using the link <https://www.npt.gov.uk/sab> or contact the Highway Development Control Section using hdc@npt.gov.uk or 01639 686850.

5 In accordance with Planning Policy Wales (Edition 11) and Technical Advice Note 12 (Design), the applicant is advised to take a sustainable approach in considering water supply in new development proposals, including utilising approaches that improve water efficiency and reduce water consumption. Dwr Cymru Welsh Water would recommend that the applicant liaises with the relevant Local Authority Building Control department to discuss their water efficiency requirements. The applicant may need to apply to Dwr Cymru / Welsh Water for any connection to the public sewer under S106 of the Water

industry Act 1991. If the connection to the public sewer network is either via a lateral drain (i.e. a drain which extends beyond the connecting property boundary) or via a new sewer (i.e. serves more than one property), it is now a mandatory requirement to first enter into a Section 104 Adoption Agreement (Water Industry Act 1991). The design of the sewers and lateral drains must also conform to the Welsh Ministers Standards for Gravity Foul Sewers and Lateral Drains and conform with the publication "Sewers for Adoption"- 7th Edition. Further information can be obtained via the Developer Services pages of www.dwrcymru.com. The planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water industries Act 1991. Any alterations to existing premises resulting in the creation of additional premises or merging of existing premises must also be constructed so that each is separately connected to the Company's water main and can be separately metered. Please contact our new connections team on 0800 917 2652 for further information on water and sewerage connections. The applicant is also advised that some public sewers and lateral drains may not be recorded on our maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises Future Wales - the National Plan 2040 and the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

The proposal represents an appropriate form of development that would have no unacceptable impact on the visual amenity of the area, the amenities of neighbouring residents, highway safety, biodiversity and drainage. Accordingly, the proposed development is in accordance with Policies SP3, SP15, SP16, SP20, SP21, SC1, EN6, EN7, EN8, TR2 and BE1 of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with Future Wales - the National Plan 2040, specifically Policies 2 (Shaping Urban Growth and Regeneration - Strategic Placemaking) & 9 (Resilient Ecological Networks and Green Infrastructure), and the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed: 

Ceri Morris – Head of Planning & Public Protection

Date: 12 January 2024

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

(6) Welsh Water Dwr Cymru advise that the planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water Industry Act 1991.

Please note, in accordance with Construction and Design Management (CDM) Regulations, it is the applicant's responsibility to ensure that any proposed works within their curtilage do not conflict with any underground services and is recommended they review their land registry title deeds for any legal covenants. For Sewers or Watermains that may be present and affected by your proposals, you are advised to contact Dwr Cymru Welsh Water who will be able to explain whether your proposed works will be acceptable as well as any consent required. Prior to commencing works, it is also recommend the applicant review the information and guidance on Building Over Sewers

available on Welsh Water's website at

<https://developers.dwrcymru.com/en/applications/planning/build-over-or-near-to-sewers>

The applicant is also advised that some public sewers and lateral drains may not be recorded on Welsh Water maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
- (2) You can also appeal to the Welsh Government against a decision to refuse permission or grant subject to conditions in respect of applications made for :- Listed Building or Conservation Area Consent; Consent under a Tree Preservation Order; Advertisement Consent.
- (3) You can also appeal If your application for a Certificate of Lawful Existing Use or Lawful Proposed Use is partly or wholly refused or is granted differently from what you asked for (under Section 195/196) of the Town and Country Planning Act 1990 (as amended).
- (4) If you are aggrieved of the LPAs decision, the following deadlines apply for appeals to be submitted to the Welsh Government (from the date of the Council's decision):-

(1) Planning Permission (with the exception of Minor Commercial and Householder applications – see below)	Within 6 Months
(2) Householder Appeal see endnote i	Within 12 weeks
(3) Minor Commercial Appeal see endnote i	Within 12 weeks
(4) Listed Building or Conservation Area Consent appeals	Within 6 months
(5) Tree Preservation Order (TPO) Consent	Within 28 days
(6) Advertisement Consent	Within 8 weeks
(7) Certificate of Lawfulness of Existing (Section 191) or Proposed (Section 192) Use or Development	Within 6 months
(8) Hazardous Substances Consent	Within 6 months
- (5) Appeals must be made on a form which is obtainable from the Planning & Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ – Tel 0300 060 4400, or online at <https://planningcasework.service.gov.wales/>.
- (6) The Welsh Government has power to allow a longer period for the giving of notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- (7) The Welsh Government is not required to entertain an appeal if it appears to them that permission for the proposed development could not have been granted having regard to the statutory requirements to the provisions of the development order, and to any directions given under the Order. They do not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by them.
- (8) If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Welsh Government, and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the County Borough Council, in which the land is situated, as the case may be, a **purchase notice** requiring that Council purchase his interest in the land in

accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Making an Appeal

- (9) Please note that for all applications received by the LPA after 5th May 2017, it is now a requirement that any appeal made to the Planning Inspectorate (other than Householder and Minor Commercial Appeals, and appeals against refusal to grant advertisement consent) must be accompanied by all the information and evidence you intend to rely upon (a **“full statement of case”**). You must also send a copy of the notice of appeal and full statement of case to the LPA.
- (10) In addition, for ‘planning appeals’ an amendment to an application following notice of appeal may only be made to correct an error.
- (11) Additional details and information on making an appeal to the Welsh Government is available from the Planning Inspectorate at the above address and website. The relevant documents are entitled “making your planning appeal” and “planning appeals Public Local Inquiries”.
- (12) Further correspondence regarding this application should bear the reference number quoted on the top of the decision notice.

THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

- BUILDING REGULATIONS – Please contact buildingcontrol@npt.gov.uk or 01639 686820 to discuss all aspects of the service that is offered by Building Control
- HIGHWAY LEGISLATION

IF PLANNING CONSENT HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT

ⁱ Please see the [Town and Country Planning \(Referred Applications and Appeals Procedure\) \(Wales\) Regulations 2017](#) for appeal procedures and for full definitions of:

- *“householder application”* (essentially an application for the enlargement, improvement or other alteration of a dwellinghouse, or development within the curtilage of such a dwellinghouse, or change of use to enlarge the curtilage of a dwelling house)
- *“householder appeal”* means an appeal in relation to a householder application, but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
- *“minor commercial application”* (essentially relates to existing buildings of no more than 250 square metres gross external floor space at ground floor level, currently in use for any of the purposes set out in Schedule 1A to The Town and Country Planning (Development Management Procedure) (Wales) (Amendment) Order 2015 which is an application for change of use from Class A1 to A2 or A3; or Class A2 to A3); or the carrying out of building or other operations to a shop front.
- *“minor commercial appeal”* means an appeal in relation to a minor commercial application but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
